

## **Important information about Syndicate Reports and Accounts**

Access to this document is restricted to persons who have given the certification set forth below. If this document has been forwarded to you and you have not been asked to give the certification, please be aware that you are only permitted to access it if you are able to give the certification.

The syndicate reports and accounts set forth in this section of the Lloyd's website, which have been filed with Lloyd's in accordance with the Syndicate Accounting Byelaw (No. 8 of 2005), are being provided for informational purposes only. The syndicate reports and accounts have not been prepared by Lloyd's, and Lloyd's has no responsibility for their accuracy or content. Access to the syndicate reports and accounts is not being provided for the purposes of soliciting membership in Lloyd's or membership on any syndicate of Lloyd's, and no offer to join Lloyd's or any syndicate is being made hereby. Members of Lloyd's are reminded that past performance of a syndicate in any syndicate year is not predictive of the related syndicate's performance in any subsequent syndicate year.

You acknowledge and agree to the foregoing as a condition of your accessing the syndicate reports and accounts. You also agree that you will not provide any person with a copy of any syndicate report and accounts without also providing them with a copy of this acknowledgment and agreement, by which they will also be bound.

## **SYNDICATE 1947 MANAGING AGENT'S REPORT**

The Directors of Pembroke Managing Agency Limited ("PMA") present the Managing Agent's Report for Syndicate 1947 ("the Syndicate") for the year ended 31 December 2018.

### **Principal Activity**

The principal activity of the Syndicate is the underwriting of general insurance and reinsurance business at Lloyd's. The Syndicate commenced underwriting on 1 April 2018.

The Syndicate's allocated capacity for the 2018 year of account was £55.0m. The capacity for the 2019 year of account is £77.5m.

### **Management of the Syndicate**

The Syndicate is managed by PMA, which is ultimately owned by Liberty Mutual Holding Company Inc. On 14 March 2019, PMA's ultimate parent, Liberty Mutual Holding Company Inc., announced that it had reached an agreement to sell PMA to Hamilton Insurance Group, subject to regulatory approval.

Capital to support the underwriting of the Syndicate is provided by GIC Re, India, Corporate Member Limited, which is ultimately owned by General Insurance Corporation of India ("GIC").

### **Business of the Syndicate**

The Syndicate is a provider of specialist reinsurance products. Property D&F and Property Treaty are transacted on an open market basis with the remaining six classes being cessions from GIC. Domestic classes relate to domestic Indian cession business.

During the 2018 financial year gross written premium by product area was as follows:

	<b>2018</b>
	<b>£000</b>
Domestic Property Facultative	243
Domestic Engineering Facultative	1
Agriculture	8,185
Domestic Engineering Treaty	256
Domestic Property Treaty	6,306
International Property Treaty	1,691
Property D&F	5,125
Property Treaty	1,832
<b>Total</b>	<b>23,639</b>

Further details of the product areas are provided below.

#### Domestic Property Facultative

The Syndicate covers large Property risks for Indian domestic exposures where additional capacity is required. The risks are individually selected by the Syndicate.

#### Domestic Engineering Facultative

This portfolio consists of a low volume selection of larger infrastructure construction projects – dams, railway/metro, power plants, bridges, industrial units, tunnels. All business is in respect of Indian domestic exposures.

#### Agriculture

This book of business relates to The Prime Minister's Agriculture Insurance Scheme (PMFBY) and acts as proportional treaty reinsurance of Indian domestic agriculture insurance companies.

#### Domestic Engineering Treaty

GIC cedes a selection of its proportional and non-proportional Indian portfolio. All business is in respect of Indian domestic exposures.

**SYNDICATE 1947**  
**MANAGING AGENT'S REPORT (continued)**

**Business of the Syndicate (continued)**

Domestic Property Treaty

This portfolio consists of a selection of proportional and non-proportional property business written by GIC Re from the Indian domestic insurers covering Indian exposures only.

International Property Treaty

This portfolio is written from GIC Mumbai with exposure in Asia and Latin America. Business will be all property treaty, predominantly on an excess of loss basis.

Property D&F

The portfolio is written to achieve a blend and balance of both excess and primary layer, cat and non-cat exposed, across both US and international portfolios. The business written is predominantly open market, with one binding authority written during 2018.

Property Treaty

This is a worldwide portfolio but the main exposures are very much US weighted, driven by the catastrophe covers purchased on direct and facultative accounts written in London.

**Review of Financial Performance**

The Syndicate's key financial indicators are as follows:

	<b>2018</b>
	<b>£000</b>
Syndicate capacity	55,000
Gross written premium	23,639
Loss for the financial year / total comprehensive loss for the financial year	(11,713)
Combined ratio	217.9%
Investments, cash and deposits	2,270

The Syndicate reports a loss for the opening year of £11.7m, reflecting lower than plan premium income and loss events during the year. On an ultimate basis, the syndicate expects to recognise a loss of £8.2m on the 2018 underwriting year.

Gross Written Premiums

The Syndicate reports gross written premium for the financial year of £23.6m. This is less than planned, reflecting the Syndicate's strategy of targeting underwriting profits rather than premium.

Claims Incurred

The net loss ratio of 170% was impacted by catastrophe and large loss activity, in particular Typhoon Jebi.

Balance Sheet

Syndicate assets are £29.5m and the total liabilities are £41.3m, reflecting the loss activity in the year.

**Future Prospects**

Trading Environment / 2019 Plans

The increased stamp capacity for 2019 (£77.5m) alongside the addition of Domestic Marine and Speciality Reinsurance classes of business will allow the Syndicate access to a wider portfolio of underwriting opportunities. As experienced in 2018, the Syndicate will continue to select risks carefully in what is expected to remain a competitive market place.

The UK Decision to Leave the European Union ("Brexit")

The future prospects of the UK economy are uncertain as a result of the UK's decision to leave the European Union. There is an elevated level of risk currently being experienced by the Lloyd's and London Market, as it is anticipated to result in change for the insurance industry. The Syndicate will utilise Lloyd's Brussels as appropriate.

**SYNDICATE 1947**  
**MANAGING AGENT'S REPORT (continued)**

**Future Prospects (continued)**

Little EU related business has been written by the Syndicate to date.

**Research and Development**

The Syndicate has not participated in any research and development activity during the period.

**Staff Matters**

PMA recognises that its staff members are key resources and seeks to provide a good working environment for its staff that is safe and complies with appropriate employee legislation. During the year there have been no significant injuries to staff in the workplace or any significant actions taken by any regulatory bodies with regard to staff matters.

Human resources key performance indicators are reviewed periodically by committees of the Board, and all such indicators are in line with the expectations of the Directors.

**Environmental Matters**

PMA does not consider that a business such as a Syndicate at Lloyd's has an impact upon the environment. As a result, PMA does not manage its business by reference to any environmental key performance indicators.

**Principal Risks and Uncertainties**

The Board sets risk appetite annually as part of the Syndicate's business planning and capacity setting process. PMA has established a Risk Committee which meets at least quarterly to review and update the risk register and to monitor performance against risk appetite using a series of key risk indicators. An Own Risk and Solvency Assessment ("ORSA") is completed annually and reviewed on a quarterly basis. The ORSA is used to monitor changes in the risk profile of PMA and to ensure that PMA meets its current and future capital requirements. The principal risks and uncertainties facing the Syndicate are set out in note 2 to the Annual Report.

**Directors and Officers Serving During the Year**

The Directors and Company Secretary of the managing agent, who served during the year ended 31 December 2018 and up to the date of this report, are detailed on page 3.

**Annual General Meeting**

The Directors do not propose to hold an annual general meeting for the Syndicate.

**Auditor**

PKF Littlejohn LLP has signified its willingness to continue in office as auditor.

**Disclosure of Information to the Auditor**

The Directors who held office at the date of the approval of this Managing Agent's Report confirm that, so far as they are individually aware, there is no relevant audit information of which the Syndicate's auditor is unaware and each director has taken all the steps that he ought to have taken as director to make himself aware of any relevant audit information and to establish that the Syndicate's auditor is aware of that information.

**Board Approval**

Approved by order of the Board of Pembroke Managing Agency Limited.

---

T.A.B.H. Glover  
Chief Executive Officer  
21 March 2019

**SYNDICATE 1947**  
**STATEMENT OF MANAGING AGENT'S RESPONSIBILITIES**

The managing agent is responsible for preparing the Syndicate Annual Accounts in accordance with applicable law and regulations.

The Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008 (the 2008 Regulations) require the managing agent to prepare Syndicate Annual Accounts at 31 December each year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The annual accounts are required by law to give a true and fair view of the state of affairs of the Syndicate as at that date and of its profit or loss for that year.

In preparing the Syndicate Annual Accounts, the managing agent is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the syndicate accounts; and
- assess the Syndicate's ability to continue to write new business, disclosing as applicable, matters related to its ability to continue to operate and use the going concern basis of accounting, unless the managing agent intends to cease to operate the Syndicate or has no realistic alternative but to do so.

The managing agent is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Syndicate and enable it to ensure that the Syndicate Annual Accounts comply with the 2008 Regulations. It is also responsible for safeguarding the assets of the Syndicate and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The managing agent is responsible for the maintenance and integrity of the corporate and financial information included on the business's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

**SYNDICATE 1947**  
**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SYNDICATE 1947**

**Opinion**

We have audited the financial statements of Syndicate1947 (the 'Syndicate') for the year ended 31 December 2018 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Members' Balances, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Syndicate's affairs as at 31 December 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Syndicate in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions Relating to Going Concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the managing agent's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the managing agent has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Syndicate's ability to continue to adopt the going concern basis for a period of at least twelve months from the date when the financial statements are authorised for issue.

**Other Information**

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The managing agent is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Opinions on Other Matters Prescribed by the Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the report of the directors of the managing agent for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the report of the directors of the managing agent has been prepared in accordance with applicable legal requirements.

**Matters on Which We Are Required to Report by Exception**

In the light of the knowledge and understanding of the Syndicate and its environment obtained in the course of the audit, we have not identified material misstatements in the managing agent's report.

We have nothing to report in respect of the following matters in relation to which the Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept on behalf of the Syndicate; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of managing agent emoluments and other benefits specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of the Managing Agent**

As explained more fully in the statement of managing agent's responsibilities, the managing agent is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and for such internal control as the managing agent determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the managing agent is responsible for assessing the Syndicate's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the managing agent either intend to liquidate the Syndicate or to cease operations, or have no realistic alternative but to do so.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of Our Report**

This report is made solely to the Syndicate's members, as a body, in accordance with Part 2 of the Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008. Our audit work has been undertaken so that we might state to the Syndicate's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone, other than the Syndicate and the Syndicate's members as a body, for our audit work, for this report, or for the opinions we have formed.

**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**1. Statement of Accounting Policies**

General Information

The Syndicate comprises a single corporate member of the Society of Lloyd's that underwrites insurance business in the London market. The corporate member is GIC Re, India, Corporate Member Limited. The registered address of the corporate member is 40 Lime Street, 3rd Floor, London, United Kingdom, EC3M 7AW.

Compliance with Accounting Standards

These Financial Statements have been prepared in accordance with United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", FRS 103 "Insurance Contracts" and the Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008. There were no material departures from those standards.

Basis of Preparation

The financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value.

The financial statements are presented in pounds sterling, which is the Syndicate's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

Going Concern Basis

These financial statements are prepared on a going concern basis.

Syndicates by their nature only underwrite for single underwriting years on behalf of their supporting members, however this is within a context of not finalising results until after 36 months so that typically there are three underwriting years in progress at any given time. In addition, syndicates will normally expect to continue to trade for more underwriting years into the future.

The Syndicate's business activities, together with the factors likely to affect its future development are set out in the Business Review contained within the Managing Agent's Report. In addition, note 2 to the Annual Report provides details of the financial risks the Syndicate is exposed to and how those risks are managed.

The Syndicate has considerable financial resources together with long term relationships with a number of brokers and policyholders across different classes of business and geographical areas. As a consequence, the Directors believe that the Syndicate is well placed to manage its business risks successfully despite the current uncertain economic outlook.

The Directors have a reasonable expectation that the Syndicate has adequate resources including the Funds at Lloyd's of the member supporting the Syndicate (as detailed in note 14) to continue in operational existence for the foreseeable future.

Use of Judgements and Estimates

In preparing these financial statements, the Directors of the managing agent have made judgements, estimates and assumptions that affect the application of the Syndicate's accounting policies and the reported amounts of assets, liabilities, income and expenses.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**1. Statement of Accounting Policies (continued)**

Use of Judgements and Estimates (continued)

*Provision for Claims Outstanding*

The measurement of the provision for claims outstanding involves judgements and assumptions about the future that have the most significant effect on the amounts recognised in the financial statements.

The provision for claims outstanding comprises the estimated cost of settling all claims incurred but unpaid at the balance sheet date, whether reported or not. This is a judgemental and complex area due to the subjectivity inherent in estimating the impact of claims events that have occurred but for which the eventual outcome remains uncertain. In particular, judgement is applied when estimating the value of amounts that should be provided for claims that have been incurred at the reporting date but have not yet been reported (“IBNR”) to the Syndicate.

The amount included in respect of IBNR is based on statistical techniques of estimation applied by the Syndicate managing agent’s actuaries and reviewed by external consulting actuaries. These techniques generally involve projecting from past experience the development of claims over time in view of the likely ultimate claims to be experienced and for more recent underwriting, having regard to variations in business accepted and the underlying terms and conditions. The provision for claims also includes amounts in respect of internal and external claims handling costs. For the most recent years, where a high degree of volatility arises from projections, estimates may be based in part on output from rating and other models of business accepted and assessments of underwriting conditions.

Further information about the risk that the provision for claims outstanding could be materially different from the ultimate cost of claims settlement is included in note 2.

*Estimated Premium Income*

For certain insurance contracts, premium is initially recognised based on an estimate. These estimates are judgemental and could result in prospective revisions in future accounting periods. The use of expert judgements and historical development patterns are the principle means by which the potential for revisions are minimised.

Basis of Accounting

The underwriting results are determined on an annual basis of accounting. Under the annual basis of accounting, the incurred cost of claims, commission and related expenses are charged against the earned proportion of premiums, net of reinsurance. The significant accounting policies are detailed below.

*Premiums Written*

Premiums written comprise direct and inwards reinsurance premiums on contracts incepted during the financial year. Premiums are shown gross of brokerage payable to intermediaries and exclude taxes and duties levied on them. Estimates are made for pipeline premiums, representing amounts due to the Syndicate not yet notified.

*Unearned Premiums*

Written premiums are recognised as earned according to the risk profile of the policy. Unearned premiums represent the proportion of premiums written that relate to unexpired terms of policies in force at the balance sheet date, calculated on the basis of established earnings patterns or time apportionment as appropriate.

*Reinsurance Premiums Ceded*

Outwards reinsurance premiums are accounted for and earned in the same accounting period as the premiums for the related direct or inwards business being reinsured.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**1. Statement of Accounting Policies (continued)**

Basis of Accounting (continued)

*Acquisition Costs*

Acquisition costs include direct costs such as brokerage and commission, and indirect costs such as administrative expenses connected with the processing of proposals and the issuing of policies. The deferred acquisition cost asset represents the proportion of acquisition costs which corresponds to the proportion of gross premiums written that is unearned at the balance sheet date; this is then earned in future periods in line with the associated premium income.

*Claims Provisions and Related Recoveries*

Gross claims incurred comprise the estimated cost of all claims occurring during the year, whether reported or not, including related direct and indirect claims handling costs.

The provision for claims outstanding is assessed on an individual case by case basis and is based on the estimated ultimate cost of all claims notified but not settled by the balance sheet date, together with the provision for related claims handling costs. The provision also includes the estimated IBNR at the balance sheet date based on statistical methods.

These methods generally involve projecting from past experience the development of claims over time to form a view of the likely ultimate claims to be experienced for more recent underwriting, having regard to variations in the business accepted and the underlying terms and conditions. For the most recent years, where a high degree of volatility arises from projections, estimates may be based in part on output from rating and other models of the business accepted and assessments of underwriting conditions. The amount of salvage and subrogation recoveries is separately identified and, where material, reported as an asset.

The reinsurers' share of provisions for claims is based on the amounts of outstanding claims and projections for IBNR, net of estimated irrecoverable amounts, having regard to the reinsurance programme in place for the class of business, the claims experience for the year and the current security rating of the reinsurance companies involved. A number of statistical methods are used to assist in making these estimates.

The two most critical assumptions as regards claims provisions are that the past is a reasonable predictor of the likely level of claims development and the rating and other models used for current business are fair reflections of the likely level of ultimate claims to be incurred.

The Directors consider that the provisions for gross claims and related reinsurance recoveries are fairly stated on the basis of the information currently available to them. However, the ultimate liability will vary as a result of subsequent information and events and this may result in significant adjustments to the amounts provided. The methods used, and the estimates made, are reviewed regularly.

*Unexpired Risks Provision*

A provision for unexpired risks is made where claims and related expenses arising after the end of the financial period in respect of contracts concluded before that date are expected to exceed the unearned premiums and premiums receivable under these contracts, after the deduction of any acquisition cost deferred.

The provision for unexpired risks is calculated by reference to classes of business which are managed together, after taking into account relevant investment return.

As at 31 December 2018, the Syndicate did not have an unexpired risk provision.

*Foreign Currencies*

The Syndicate's functional and presentation currency is pounds sterling.

Transactions in US dollars, Canadian dollars, Australian dollars and euros are translated at the average rates of exchange for the period. Transactions denominated in other foreign currencies are included at the rate of exchange ruling at the date the transaction is processed.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**1. Statement of accounting policies (continued)**

Basis of Accounting (continued)

*Foreign Currencies (continued)*

Monetary assets and liabilities (which include all assets and liabilities arising from insurance contracts including unearned premiums and deferred acquisitions costs) denominated in foreign currencies are translated at the rate of exchange at the balance sheet date.

Exchange differences arising on the retranslation of opening balance sheet items at the closing balance sheet rate and the retranslation of the profit and loss account for the year are recorded in the non-technical account. Exchange differences arising on the retranslation from functional to presentational currency are recorded in Other Comprehensive Income.

The rates of exchange used to translate foreign currency monetary balances at year end to pounds sterling are as follows:

	<b>31 December 2018</b>
US dollar	1.27
Canadian dollar	1.74
Euro	1.11
Australian dollar	1.81

*Financial Investments*

As permitted by FRS 102, the Syndicate has elected to apply the recognition and measurement provisions of IAS 39 – Financial Instruments (as adopted for use in the EU) to account for all of its financial instruments.

The Syndicate classifies its financial investments as financial assets at fair value through profit or loss (“FVPL”). The Syndicate determines the classification of its financial assets at initial recognition. Financial assets are initially recognised at fair value plus, in the case of instruments not at FVPL, directly attributable transaction costs.

FVPL assets comprise two sub categories: financial assets held for trading and those designated as FVPL at inception. Investments typically bought with the intention to sell in the near future are classified as held for trading. For investments designated as FVPL, the following criteria must be met:

- The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on a different basis; or
- The assets and liabilities are part of a group of financial assets which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy.

These investments are initially recorded at fair value. Subsequent to initial recognition, these investments are re-measured at fair value at each reporting date. Fair value adjustments and realised gains and losses are recognised in the income statement.

*Cash and Cash Equivalents*

Cash and cash equivalents in the statement of financial position comprise cash at bank and in hand and short term deposits with an original maturity date of three months or less. For the purpose of the cash flow statement, cash and cash equivalents consist of cash and cash equivalents as defined above, where applicable net of outstanding bank overdrafts.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**1. Statement of accounting policies (continued)**

Basis of Accounting (continued)

*Investment Return*

Investment return comprises all investment income, realised investment gains and losses and movements in unrealised gains and losses, net of investment expenses, charges and interest.

Investment return is initially recorded in the non-technical account. A transfer is made from the non-technical account to the general business technical account. Investment return has been wholly allocated to the technical account as all investments are held to support underwriting liabilities.

Realised gains and losses on investments carried at market value are calculated as the difference between sale proceeds and carrying value. Unrealised gains and losses on investments represent the difference between the valuation at the balance sheet date and their valuation at the previous balance sheet date, or purchase price, if acquired during the year, together with the reversal of unrealised gains and losses recognised in earlier accounting periods in respect of investment disposals in the current period.

Unrealised and realised gains and losses in financial investments are recognised based on the appropriate classification of financial investments and are covered under the accounting policy for financial investments.

*Taxation*

Under Schedule 19 of the Finance Act 1993 managing agents are not required to deduct basic rate income tax from trading income. In addition, all UK basic rate income tax deducted from syndicate investment income is recoverable by managing agents and consequently the distribution made to members is gross of tax.

No provision has been made for any United States Federal Income Tax payable on underwriting results or investment earnings. Any payments on account made by the Syndicate are included in the Statement of Financial Position under the heading members' balances.

No provision has been made for any overseas tax payable by members on underwriting results.

*Pension Costs*

GIC UK branch operates a defined contribution scheme. Pension contributions relating to seconded staff are charged to the Syndicate and included within net operating expenses.

*Profit Commission*

Profit commission due from the Syndicate to the managing agent is not payable until after the appropriate year of account closes – typically at 36 months. An accrual is calculated and recognised in the financial statements based on the cumulative earned underwriting results of each year of account.

Profit commission payable to Lloyd's coverholders or producing brokers has been provided for on all years of account and recognised within acquisition costs.

*Insurance Receivables*

Insurance receivables are recognised when due and measured on initial recognition at the fair value of the consideration received or receivable. The carrying value of insurance receivables is reviewed for impairment whenever events or circumstances indicate that the carrying amount may not be recoverable, with the impairment loss recorded in the income statement. Insurance receivables are derecognised when the derecognition criteria for financial assets have been met.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**1. Statement of accounting policies (continued)**

Basis of accounting (continued)

*Insurance Payables*

Insurance payables are recognised when due and measured on initial recognition at the fair value of the consideration received less directly attributable transaction costs. Insurance liabilities are derecognised when the obligation under the liability is settled, cancelled or expired.

*Derecognition of Financial Assets*

A financial asset or, when applicable, a part of a financial asset is derecognised when:

- The rights to the cash flows from the asset have expired; or
- The Syndicate retains the right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass through’ arrangement and either (a) the Syndicate has transferred substantially all the risks and rewards of the asset; or (b) the Syndicate has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Syndicate has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards nor transferred control of the asset, the asset is recognised to the extent of the Syndicate’s continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Syndicate could be required to repay. In that case, the Syndicate also recognises an associated liability.

**2. Risk Management**

Risk Framework

The primary objective of the Syndicate’s Risk Management Framework is to protect the Syndicate’s capital provider, GIC Re, India, Corporate Member Limited, from events that hinder the sustainable achievement of financial performance objectives, including failing to exploit opportunities. The Board recognises the critical importance of having efficient and effective risk management systems in place.

PMA has an established risk management function for the Syndicate with a clear remit from the Board. This is supplemented with a clear organisational structure with documented delegated authorities and responsibilities from the Board. The Risk Management Framework sets out the risk profiles for the Syndicate, risk management, control and business conduct standards for the Syndicate’s operations. It is reviewed annually and any changes are approved by the Board.

The Risk Committee and the Board approves the risk management policies and meets regularly to approve any commercial, regulatory and organisational requirements of such policies. Significant emphasis is placed on the assessment and documentation of existing and emerging risks and controls, including the articulation of risk appetite.

Insurance Risk - Underwriting

The Syndicate separately defines underwriting risk appetite in respect of market losses and syndicate-specific losses, with appetite for the former being greater.

Underwriting risk appetite is expressed at the highest level, as a maximum event-specific net underwriting loss as a percentage of syndicate capacity for a specific year of account. Detailed stochastic modelling of underwriting risk, both gross and net of reinsurance, using dynamic financial analysis techniques supports this approach.

PMA’s Board approves the risk appetite limit, after consultation with capital providers considering the relativity between willingness to lose and potential forecast profitability for each year of account. The risk appetite will therefore reflect the view of forecast profitability, utilising the Syndicate’s latest business plan assumptions.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**2. Risk Management (continued)**

Insurance Risk – Underwriting (continued)

*Principal Risks*

The principal risk the Syndicate faces under insurance contracts is that the actual claims and payments or the timing thereof, differ from expectations. This is influenced by the frequency of claims, severity of claims, and the development of long term claims liabilities. The objective of the Syndicate is to ensure that sufficient reserves are available to cover these liabilities.

The risk exposure is mitigated by diversification across a large portfolio of insurance contracts and geographical segments. The variability of risks is also improved by careful selection and implementation of underwriting strategy guidelines, as well as the use of reinsurance arrangements.

*Reinsurance*

Reinsurance allows the Syndicate to manage capital exposure to both frequency and severity. This includes the management of any systemic issues impacting a particular area of the account, as well as catastrophic losses across all business areas.

Business is written on the basis of generating a gross profit, regardless of the supporting reinsurance arrangements. Business planning and modelling assumptions are based on the expectation that reinsurers will make a profit. The core reinsurance providers to the Syndicate remain constant.

*Underwriting Committee*

The Syndicate organises underwriting through product areas. Each underwriting unit reports to the Underwriting Committee and ultimately the PMA Board. This control process ensures that several layers of review occur for underwriting risks, with the focus being on the main components of risk, notably pricing, loss ratio selection, reserving, variations in experience, cycle management, reinsurance protection and catastrophe modelling.

Underwriting authorities, underwriting peer reviews of all risks, independent review procedures, and the audit and review of delegated arrangements, all contribute to the strength of the underwriting control environment.

PMA records and monitors individual risk exposures to ensure they remain within the policies and guidelines set.

*Diversification*

Risks usually cover twelve months' duration. Risks deliberately emanate from a diverse range of sources. The variability of risks is improved by careful selection and implementation of underwriting strategies, which are designed to ensure that risks are diversified in terms of type of risk and level of insured benefits. This is largely achieved through diversification across industry sectors and geographical segmentation.

*Claims Management*

To reduce the risk exposure of the Syndicate, PMA has put in place strict claim review policies to assess all new and ongoing claims. PMA performs regular detailed reviews of claims handling procedures and conducts frequent investigations of possible fraudulent claims.

The following table gives an indication of the likely quantum and scale of the largest (on a gross basis) Realistic Disaster Scenarios estimated for 2018.

<b>Realistic Disaster Scenarios</b>	<b>Gross event loss £000</b>	<b>Net event loss £000</b>
Japan Earthquake	10,447	3,772
Japan Typhoon	9,312	3,530
Florida Windstorm - Miami	6,528	5,692

**SYNDICATE 1947  
NOTES TO THE ANNUAL REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2018**

**2. Risk Management (continued)**

Insurance Risk – Underwriting (continued)

*Claims Management (continued)*

The Syndicate monitors exposures through a combination of deterministic modelling as part of the Realistic Disaster Scenarios Framework and stochastic modelling as part of Lloyd’s catastrophe model reporting requirements. The Syndicate monitors total net claims on a 1-in-200 multiple event basis against capital requirements.

Insurance Risk – Reserving

*Principal Risk*

PMA’s Reserving Policy seeks to ensure appropriate allowance for reserving risk and consistency in reserving from year to year. Booked reserves represent the level of reserves booked at syndicate level. They are prepared by underwriting year on an actuarial best estimate basis. Booked reserves provide the basis for the syndicate results and forecasts.

Actuarial best estimate reserves are intended to be true best estimates, i.e. estimates of expected value claims reserves. These are the basis for internal reporting and the derivation of expected loss ratios for business planning.

The following table illustrates the sensitivity of the financial year results (before managing agent’s profit commission) to changes in the net loss ratio (negative movements reflect a decrease in results / members’ balances).

<b>Impact on result and members’ balances (change in net reserves)</b>	<b>2018 £000</b>
Net loss ratio - increase of 5%	(482)
Net loss ratio - increase of 10%	(964)

*Mitigation*

The actuarial best estimate reserves are calculated by PMA. The Actuarial Function determines the reserves in conjunction with extensive discussions with the Underwriting, Claims, Finance and Reinsurance functions. The Directors consider, assess and approve the best estimate reserves.

Reserving risk is controlled by the robust application of actuarial methodologies, stepped sign-off procedures, quarterly tracking of projected ultimate loss ratios, reassessment of methodologies where appropriate, regular dialogue between actuaries and practitioners, and access to historical loss data.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**2. Risk Management (continued)**

Regulatory Risk

PMA is required to comply with the requirements of the Prudential Regulation Authority, the Financial Conduct Authority and Lloyd's. Lloyd's requirements include those imposed on the Lloyd's market by overseas regulators, particularly in respect of US Situs business. Regulatory risk is the risk of loss owing to a breach of regulatory requirements or failure to respond to regulatory change. PMA has a Compliance Officer, who monitors regulatory developments and assesses the impact on PMA policy. PMA also carries out a compliance-monitoring programme as documented in the Compliance Framework.

*Capital Framework at Lloyd's*

Lloyd's is a regulated undertaking and subject to the supervision of the Prudential Regulatory Authority (PRA) under the Financial Services and Markets Act 2000. Lloyd's is subject to the Solvency II capital regime. Within the supervisory framework, Lloyd's applies capital requirements at member level and centrally to ensure that Lloyd's complies with Solvency II capital requirements, and beyond that to meet its own financial strength, licence and ratings objectives.

Although Lloyd's capital setting processes use a capital requirement set at syndicate level as a starting point, the requirement to meet Solvency II and Lloyd's capital requirements only apply at overall and member level respectively, not at syndicate level. Accordingly, the capital requirement in respect of the Syndicate is not disclosed in these financial statements.

*Lloyd's Capital Setting Process*

In order to meet Lloyd's requirements, each syndicate is required to calculate its SCR for the prospective underwriting year. This amount must be sufficient to cover a 1-in-200 year loss, reflecting uncertainty in the ultimate run-off of underwriting liabilities (SCR 'to ultimate'). The Syndicate must also calculate its SCR at the same confidence level but reflecting uncertainty over a one year time horizon (one year SCR) for Lloyd's to use in meeting Solvency II requirements. The SCR of syndicates is subject to review by Lloyd's and approval by the Lloyd's Capital and Planning Group. For syndicates such as 1947 which are in their first two years of operation, the syndicate SCR is effectively determined centrally by the Lloyd's benchmark model.

Lloyd's applies a capital uplift to the Syndicate's Solvency Capital Requirement, known as the Economic Capital Uplift to derive the Syndicate's final Economic Capital Assessment ("ECA"). The purpose of this uplift (which is a Lloyd's not a Solvency II requirement) is to meet Lloyd's financial strength, licence and ratings objectives. The capital uplift applied for 2018 was 35% of the members' SCR to ultimate. The ECA for a corporate member is determined by Lloyd's with reference to the ECAs of the syndicates on which the member participates, and the member's share of each syndicate.

*Provision of Capital by Members*

Each member may provide capital to meet its ECA either by assets held in trust by Lloyd's specifically for that member (Funds at Lloyd's), held within and managed within a syndicate (Funds in Syndicate) or as the member's share of the members' balances on each syndicate on which it participates.

Accordingly, all of the assets less liabilities of the Syndicate, as represented in the members' balances reported on the statement of financial position, represent resources available to meet members' and Lloyd's capital requirements.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**2. Risk Management (continued)**

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation. The key aspect of credit risk is the risk of default by a reinsurer, insurance intermediary or debt holder. The table below provides information regarding the credit risk exposure of the Syndicate at 31 December 2018 by classifying assets according to Standard & Poor's credit ratings of the counterparties for assets not yet due. AAA is the highest possible rating. Assets that fall outside the range of AAA to BBB and below are classified as speculative grade and have not been rated.

<b>As at 31 December 2018</b>	<b>AAA</b>	<b>AA</b>	<b>A</b>	<b>BBB and below</b>	<b>Not rated</b>	<b>Total</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>
Variable yield securities	850	-	93	-	-	943
Overseas deposits	10	2	1	1	-	14
Reinsurers' share of outstanding claims	-	-	3,788	-	-	3,788
Cash at bank and in hand	-	1,313	-	-	-	1,313
<b>Total</b>	<b>860</b>	<b>1,315</b>	<b>3,882</b>	<b>1</b>	<b>-</b>	<b>6,058</b>

A PMA Reinsurance Working Group reviews all reinsurer counterparties with whom PMA wishes to conduct business and sets credit limits for the recoveries due from individual reinsurers. The review includes an analysis of the financial strength of the reinsurer, its payment performance record and standing in the market. Thereafter, with the assistance of outside expertise, management of reinsurer credit risk follows active and regular review of credit ratings and financial exposure to all approved reinsurers.

Broker credit risk limits are determined depending on the grading of the relevant broker and exposures monitored against limits on a monthly basis. Investment credit risk is managed through investment management guidelines and quarterly compliance reports.

The tables below show the maximum exposure to credit risk (including an analysis of financial assets exposed to credit risk) for the components of the statement of financial position. The maximum exposure is shown gross, before the effect of any mitigation arrangements.

<b>As at 31 December 2018</b>	<b>Not yet due</b>	<b>Past due by three months</b>	<b>Past due three to six months</b>	<b>Past due six to 12 months</b>	<b>Total</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>
Variable yield securities	943	-	-	-	943
Overseas deposits	14	-	-	-	14
Reinsurers' share of outstanding claims	3,788	-	-	-	3,788
Cash at bank and in hand	1,313	-	-	-	1,313
Other assets	20,882	2,238	359	7	23,486
<b>Total</b>	<b>26,940</b>	<b>2,238</b>	<b>359</b>	<b>7</b>	<b>29,544</b>

As at the balance sheet date, all financial assets of the Syndicate are unimpaired.

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**2. Risk Management (continued)**

Liquidity Risk

Liquidity risk is the risk that the Syndicate will encounter difficulty in meeting obligations associated with financial instruments and the payment of claims. In respect of catastrophic events there is also a liquidity risk associated with the timing differences between gross cash outflows and expected reinsurance recoveries.

The Syndicate is subject to calls on cash resources, mainly in respect of claims on insurance business, on a daily basis. PMA operates and maintains procedures designed to ensure that cash is available to settle liabilities and other obligations when due without excessive cost to the business.

The procedures set limits for cash required to meet expected cash flows. Contingency arrangements exist to meet liquidity requirements in extreme circumstances.

The table below summarises the maturity profile of the Syndicate's financial liabilities based on remaining undiscounted contractual obligations, including interest payable, and outstanding claim liabilities based on the estimated timing of claim payments resulting from recognised insurance liabilities. Repayments which are subject to notice are treated as if notice were to be given immediately.

<b>As at 31 December 2018</b>	<b>Up to one year £000</b>	<b>One to three years £000</b>	<b>Three to five years £000</b>	<b>Greater than five years £000</b>	<b>Total £000</b>
Claims outstanding	7,247	7,678	3,596	2,453	20,974
Creditors	9,513	-	-	-	9,513
<b>Total</b>	<b>16,760</b>	<b>7,678</b>	<b>3,596</b>	<b>2,453</b>	<b>30,487</b>

Operational Risk

This is the risk that errors caused by people, processes or systems lead to losses to the Syndicate. PMA seeks to manage this risk with detailed procedure manuals and a structured programme of testing of processes and systems by internal audit.

Market Risk

*Currency Risk*

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Syndicate writes a significant proportion of insurance business in currencies other than pounds sterling, which creates an exposure to currency risk. The Syndicate seeks to manage this exposure by matching foreign currency assets and liabilities. The table below summarises the exposure of financial assets and liabilities to foreign currency exchange risk at the balance sheet date.

<b>As at 31 December 2018</b>	<b>GBP £000</b>	<b>USD £000</b>	<b>EUR £000</b>	<b>CAD £000</b>	<b>AUD £000</b>	<b>Total £000</b>
Financial investments	-	851	-	92	-	943
Reinsurers' share of technical provisions	36	4,307	28	1	3	4,375
Debtors - reinsurance operations	519	20,366	109	(1)	422	21,415
Cash and overseas deposits	1,099	-	81	4	143	1,327
Prepayments and accrued income	634	737	15	7	91	1,484
<b>Total assets</b>	<b>2,288</b>	<b>26,261</b>	<b>233</b>	<b>103</b>	<b>659</b>	<b>29,544</b>
Technical provisions	(1,018)	(28,269)	(106)	(53)	(591)	(30,037)
Insurance and reinsurance liabilities	(80)	(1,723)	(92)	-	-	(1,895)
Other creditors, accruals, deferred income	(9,325)	-	-	-	-	(9,325)
<b>Total liabilities</b>	<b>(10,423)</b>	<b>(29,992)</b>	<b>(198)</b>	<b>(53)</b>	<b>(591)</b>	<b>(41,257)</b>
<b>Currency (deficiency)/surplus</b>	<b>(8,135)</b>	<b>(3,731)</b>	<b>35</b>	<b>50</b>	<b>68</b>	<b>(11,713)</b>

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**2. Risk management (continued)**

Market Risk (continued)

*Currency Risk (continued)*

The table below gives an indication of the impact on the result of a percentage change in the relative strength of pounds sterling against the value of the US dollar, Canadian dollar, Australian dollar and euro simultaneously.

	<b>2018</b>
	<b>£000</b>
<i>Sterling weakens</i>	
10% against other currencies	(399)
20% against other currencies	(898)
<i>Sterling strengthens</i>	
10% against other currencies	327
20% against other currencies	599

**3. Segmental Analysis**

The Syndicate's business is 100% reinsurance.

All premiums were concluded in the UK.

The geographical analysis of gross premiums written by destination is as follows:

	<b>2018</b>
	<b>£000</b>
India	16,682
US	2,795
Other	4,162
<b>Total</b>	<b>23,639</b>

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**4. Claims Incurred, Net of Reinsurance**

*Prior Year Reserve Development*

In setting claims provisions, the Syndicate gives consideration to the probability and magnitude of future experience being more adverse than assumed and exercises a degree of caution in setting reserves where there is considerable uncertainty. In general, the uncertainty associated with the ultimate claims experience in an underwriting year is greatest when the underwriting year is at an early stage of development and the margin necessary to provide the necessary confidence in the provisions adequacy is relatively at its highest. As claims develop, and the ultimate cost of claims becomes more certain, the relative level of margin maintained should decrease. However, due to the uncertainty inherent in the estimation process, the actual overall claim provision may not always be in surplus.

As the Syndicate is reporting its first financial year results, no claims development analysis can be presented. This will be provided as a disclosure in future years.

**5. Net Operating Expenses**

	<b>2018</b>
	<b>£000</b>
Acquisition costs	2,813
Change in deferred acquisition costs	(1,448)
Administrative expenses	3,281
<b>Net operating expenses</b>	<b>4,646</b>

**6. Auditor's Remuneration**

	<b>2018</b>
	<b>£000</b>
<i>Fees payable to the Syndicate's auditor for:</i>	
Audit of the Syndicate Annual Accounts	30
Other services pursuant to regulations and Lloyd's byelaws	22
	<b>52</b>

Auditor's remuneration is included as part of administrative expenses in note 5.

**7. Staff Numbers and Costs**

All staff were employed by Pembroke Managing Agency Limited, except for five underwriting staff seconded from GIC UK branch (average number employed during the nine months of operation).

The following amounts were recharged to the Syndicate in respect of seconded staff (there are no direct recharges of staff costs from PMA):

	<b>2018</b>
	<b>£000</b>
Wages and salaries	1,083
Pension costs	70
	<b>1,153</b>

**SYNDICATE 1947**  
**NOTES TO THE ANNUAL REPORT**  
**FOR THE YEAR ENDED 31 DECEMBER 2018**

**8. Emoluments of the Directors of Pembroke Managing Agency Limited**

The Directors of Pembroke Managing Agency Limited received remuneration from PMA, none of which is charged to the Syndicate.

No other director related compensation or amounts considered to represent key management personnel compensation was charged to the Syndicate.

The active underwriter received the following remuneration charged as a syndicate expense:

	<b>2018</b>
	<b>£000</b>
Emoluments	225
Pension contributions	23
	<b>248</b>

**9. Financial investments**

	<b>2018</b>	<b>2018</b>
	<b>Market</b>	<b>Cost</b>
	<b>Value</b>	<b>£000</b>
	<b>£000</b>	<b>£000</b>
Short term deposits with financial institutions	943	943
Overseas deposits	14	14
	<b>957</b>	<b>957</b>

The Syndicate classifies its financial instruments held at fair value in the balance sheet using a fair value hierarchy, as follows:

- Level 1 Included in the level 1 category are financial assets that are measured by reference to published quotes in an active market. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry syndicate, pricing service or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.
- Level 2 Included in the level 2 category are financial assets measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions. For example, assets for which pricing is obtained via pricing services but where prices have not been determined in an active market, financial assets with fair values based on broker quotes, investments in private equity funds with fair values obtained via fund managers and assets that are valued using the Syndicate's own models whereby the significant inputs into the assumptions are market observable.
- Level 3 Included in the level 3 category are financial assets measured using a valuation technique (model) based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Therefore, observable inputs reflect the Syndicate's own assumptions about the assumptions that market participants would use in pricing the asset. These inputs are developed based on the best information available, which might include the Syndicate's own data.

All financial investments are classified within the level 1 category.

Other assets comprise overseas deposits which are lodged as a condition of conducting underwriting business in certain countries.

**13. Related Parties**

Capital

Underwriting capacity is provided 100% by GIC Re, India, Corporate Member Limited (“GIC”).

Managing Agent

The Syndicate is managed by PMA, a company that is a subsidiary within the Liberty Group. During the financial year the Syndicate incurred managing agent fees of £0.4m and a yearly fixed fee of £2.0m for the services provided to the Syndicate. In addition, PMA recharged costs incurred on behalf of the Syndicate of £0.2m. At the year end, £0.7m of these charges remain payable to PMA.

Syndicate 4000 (managed by PMA and supported by Liberty Group corporate members) fronts certain facilities/risks on behalf of Syndicate 1947 in relation to certain US business. Gross premium income under these arrangements was £1.6m during the year, with Syndicate 4000 earning override fees of 3%.

Ultimate Parent Company

The ultimate parent company of GIC Re, India, Corporate Member Limited is General Insurance Corporation of India, a company registered in India.

The ultimate parent company of Pembroke Managing Agency Limited is Liberty Mutual Holding Company Inc., a company registered in the United States of America.

Transactions with the GIC Group

Much of the Syndicate’s gross premium written relates to cessions from the GIC Group (details are provided on page 4). In addition, GIC has provided the Syndicate with loans and cession advances of £7.0m. Details of staff seconded to the Syndicate from GIC UK branch are provided in note 7; including overheads, £1.3m was charged to the Syndicate in relation to the seconded staff; all of which remained unpaid at 31 December 2018.

**14. Funds at Lloyd’s**

Every member is required to hold capital at Lloyd’s which is held in trust and known as Funds at Lloyd’s (“FAL”) and these funds are intended primarily to cover circumstances where syndicate assets prove insufficient to meet participating members’ underwriting liabilities.

The level of FAL that Lloyd’s requires a member to maintain is determined by Lloyd’s based on PRA requirements and resource criteria. FAL has regard to a number of factors including the nature and amount of risk to be underwritten by the member and the assessment of the reserving risk in respect of business that has been underwritten. Since FAL is not under the management of the managing agent, no amount has been shown in these accounts by way of such capital resources. However, the managing agent is able to make a call on the members’ FAL to meet liquidity requirements or to settle losses.

**15. Off Balance Sheet Items**

The Syndicate has not been a party to any arrangements which are not reflected in its Statement of Financial Position, where material risks and benefits arise to the Syndicate.
