

Important information about Syndicate Reports and Accounts

Access to this document is restricted to persons who have given the certification set forth below. If this document has been forwarded to you and you have not been asked to give the certification, please be aware that you are only permitted to access it if you are able to give the certification.

The syndicate reports and accounts set forth in this section of the Lloyd's website, which have been filed with Lloyd's in accordance with the Syndicate Accounting Byelaw (No. 8 of 2005), are being provided for informational purposes only. The syndicate reports and accounts have not been prepared by Lloyd's, and Lloyd's has no responsibility for their accuracy or content. Access to the syndicate reports and accounts is not being provided for the purposes of soliciting membership in Lloyd's or membership on any syndicate of Lloyd's, and no offer to join Lloyd's or any syndicate is being made hereby. Members of Lloyd's are reminded that past performance of a syndicate in any syndicate year is not predictive of the related syndicate's performance in any subsequent syndicate year.

You acknowledge and agree to the foregoing as a condition of your accessing the syndicate reports and accounts. You also agree that you will not provide any person with a copy of any syndicate report and accounts without also providing them with a copy of this acknowledgment and agreement, by which they will also be bound.

MANAGING AGENT’S REPORT

The Directors of Pembroke Managing Agency Limited (“PMA”) present the Managing Agent’s Report for Syndicate 6125 (the ‘Syndicate’) for the year ended 31 December 2018.

Principal Activity

The Syndicate is a Special Purpose Arrangement (“SPA”) with the principal activity of underwriting short tail quota share reinsurance cessions from Syndicate 4000. Syndicate 4000 is also managed by PMA.

The Syndicate commenced underwriting on 1 January 2016. The formation of the Syndicate was a key component of the strategic partnership and cooperation agreements between PMA and Reaseguradora Patria S.A (“Patria”). The ultimate parent company of Patria is Peña Verde S.A.B (“Peña Verde”), a Mexican domiciled insurance and reinsurance group with an established presence in Central and South America.

Allocated capacity for the 2018 year of account is £20.0m (2017: £14.4m), increasing to £23.0m for the 2019 year of account.

The Syndicate capital to support underwriting is provided by Patria Corporate Member Ltd (“PCM”). PCM’s ultimate parent company is Peña Verde.

Management of the Syndicate

The Syndicate is managed by PMA, which is ultimately owned, by Liberty Mutual Holding Company Inc., a Company registered in the United States of America (“USA”). On 14 March 2019, PMA’s ultimate parent, Liberty Mutual Holding Company Inc., announced that it had reached an agreement to sell PMA to Hamilton Insurance Group, subject to regulatory approval.

Business of the Syndicate

During the 2018 financial year gross written premium by operating division was as follows:

	2018	2017
	£000	£000
Property	10,422	11,018
Accident and Health	2,775	1,954
Specialty	1,712	1,085
Marine	5,949	2,453
Total	20,858	16,510

Property Treaty

The Property Treaty account is written by Syndicate 4000, with the Syndicate accepting 90% of this business through quota share reinsurance cessions. The Property Treaty account is an international portfolio with the majority of risks being written on an excess of loss basis.

Quota share cessions from Syndicate 4000

A key feature of the strategic partnership is an exposure swap agreement covering a number of short tail lines of business written by each party. During the financial year the Syndicate has bound quota share cessions from Syndicate 4000 on the following types of business (reported above under four divisions): Property, Liability, Personal Accident, Fine Art & Specie, War & Terrorism, Marine Reinsurance, Onshore and Offshore Energy.

SYNDICATE 6125

MANAGING AGENT'S REPORT (continued)

Review of Financial Performance

The key financial indicators of the Syndicate are:

	2018	2017
	£000	£000
Syndicate capacity	20,000	14,400
Gross written premium	20,858	16,510
Loss for the financial year	(6,728)	(4,522)
Total comprehensive loss	(7,057)	(4,328)
Net combined ratio	143.9%	139.1%

The Syndicate reports a net underwriting loss for the financial year ended 31 December 2018 of £6.7m (2017: loss of £4.5m). The key drivers for the financial year loss are set out below.

Gross Written Premiums

Gross written premiums of £20.9m (2017: £16.5m) have increased by £4.4m against 2017 due to the introduction of the Marine Treaty class of business and an increase in reinstatement premiums due to Californian Wildfires.

Net Losses Incurred

The net loss ratio of 104.2% was again impacted by catastrophe loss activity, in particular Typhoon Jebi and Californian Wildfires.

Future Prospects

Trading Environment

Increased capacity of £23.0m for 2019 allows for the development of the Marine Treaty division. The rating environment outlook is more positive for 2019.

Strategic Approach to Growth

The strategic partnership with PMA is fundamental to the future development of the Syndicate. However, both PMA and the Syndicate's capital provider are well attuned to prevailing conditions. Accordingly, the Syndicate only anticipates modest growth in the short term.

Subject to trading conditions and the availability of high quality opportunities, growth will be achieved through the managed and disciplined development of existing lines of business, and the careful selection and managed introduction of new underwriting teams and lines of business.

The UK Decision to Leave the European Union ("Brexit")

The future prospects of the UK economy are uncertain as a result of the UK's decision to leave the European Union. There is an elevated level of risk currently being experienced by the Lloyd's and London Market, as it is anticipated to result in change for the insurance industry. The Syndicate will utilise Lloyd's Brussels as appropriate.

Research and Development

The Syndicate has not participated in any research and development activity during the period.

Staff Matters

PMA recognises that its staff members are key resources and seeks to provide a good working environment for its staff that is safe and complies with appropriate employee legislation. During the year there have been no significant injuries to staff in the workplace or any significant actions taken by any regulatory bodies with regard to staff matters.

Human resources key performance indicators are reviewed periodically by committees of the Board, and all such indicators are in line with the expectations of the Directors.

Environmental Matters

PMA does not consider that a business such as a Syndicate at Lloyd's has an impact upon the environment. As a result, PMA does not manage its business by reference to any environmental key performance indicators.

Principal Risk and Uncertainties

The Board sets risk appetite annually as part of the Syndicate's business planning and capacity setting process. PMA has established a Risk Committee which meets at least quarterly to review and update the risk register and to monitor performance against risk appetite using a series of key risk indicators. An Own Risk and Solvency Assessment ("ORSA") is completed annually and reviewed on a quarterly basis. The ORSA is used to monitor changes in the risk profile of PMA and to ensure that PMA meets its current and future capital requirements.

The principal risks and uncertainties facing the Syndicate are set out in note 2 to the Annual Report.

Directors and Officers Serving During the Year

The Directors and Company Secretary of the managing agent, who served during the year ended 31 December 2018 and up to the date of this report, are detailed on page 3.

Annual General Meeting

The Directors do not propose to hold an annual general meeting for the Syndicate.

Auditor

Ernst & Young LLP has signified its willingness to continue in office as auditor.

Disclosure of Information to the Auditor

The Directors who held office at the date of the approval of this Managing Agent's Report confirm that, so far as they are individually aware, there is no relevant audit information of which the Syndicate's auditor is unaware and each director has taken all the steps that he/she ought to have taken as director to make himself/herself aware of any relevant audit information and to establish that the Syndicate's auditor is aware of that information.

Board Approval

Approved by order of the Board of Pembroke Managing Agency Limited.

T.A.B.H. Glover
Chief Executive Officer
21 March 2019

SYNDICATE 6125

STATEMENT OF MANAGING AGENT'S RESPONSIBILITIES

The managing agent is responsible for preparing the Syndicate Annual Report and Annual Accounts in accordance with applicable law and regulations.

The Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008 (the 2008 Regulations) require the managing agent to prepare Syndicate Annual Accounts at 31 December each year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The Annual Accounts are required by law to give a true and fair view of the state of affairs of the Syndicate as at that date and of its profit or loss for that year.

In preparing the Syndicate Annual Accounts, the managing agent is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the annual accounts; and
- assess the Syndicate's ability to continue to write new business, disclosing as applicable, matters related to its ability to continue to operate and use the going concern basis of accounting, unless the managing agent intends to cease to operate the Syndicate or has no realistic alternative but to do so.

The managing agent is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Syndicate and enable it to ensure that the Syndicate Annual Accounts comply with the 2008 Regulations. It is also responsible for safeguarding the assets of the Syndicate and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The managing agent is responsible for the maintenance and integrity of the corporate and financial information included on the business's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Opinion

We have audited the syndicate annual accounts of Syndicate 6125 ('the Syndicate') for the year ended 31 December 2018 which comprise the Income Statement, the Statement of Comprehensive Income, the Statement of Members' Balances, the Statement of Financial Position, the Statement of Cash Flows and the related notes 1 to 14, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and FRS 103 'Insurance Contracts' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the syndicate annual accounts:

- give a true and fair view of the Syndicate's affairs as at 31 December 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of The Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the syndicate annual accounts section of our report below. We are independent of the Syndicate in accordance with the ethical requirements that are relevant to our audit of the syndicate annual accounts in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions Relating to Going Concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the managing agent's use of the going concern basis of accounting in the preparation of the syndicate annual accounts is not appropriate; or
- the managing agent has not disclosed in the syndicate annual accounts any identified material uncertainties that may cast significant doubt about the Syndicate's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the syndicate annual accounts are authorised for issue.

Other Information

The other information comprises the information included in the annual report, other than the syndicate annual accounts and our auditor's report thereon. The managing agent is responsible for the other information.

Our opinion on the syndicate annual accounts does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the syndicate annual accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the syndicate annual accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the syndicate annual accounts or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on Other Matters Prescribed by The Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the managing agent's report for the financial year in which the syndicate annual accounts are prepared is consistent with the syndicate annual accounts, and
- the managing agent's report has been prepared in accordance with applicable legal requirements.

Matters on Which We Are Required to Report by Exception

In the light of the knowledge and understanding of the Syndicate and its environment obtained in the course of the audit, we have not identified material misstatements in the managing agent's report.

We have nothing to report in respect of the following matters where The Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008 requires us to report to you, if in our opinion:

- the managing agent in respect of the Syndicate has not kept adequate accounting records; or
- the syndicate annual accounts are not in agreement with the accounting records;
- we have not received all the information and explanations we require for our audit; or
- certain disclosures of the managing agent's emoluments specified by law are not made.

Responsibilities of the Managing Agent

As explained more fully in the Statement of Managing Agent's Responsibilities set out on page 7, the managing agent is responsible for the preparation of the syndicate annual accounts and for being satisfied that they give a true and fair view, and for such internal control as the managing agent determines is necessary to enable the preparation of the Syndicate annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the syndicate annual accounts, the managing agent is responsible for assessing the Syndicate's ability to continue in operation, disclosing as applicable, matters related to its ability to continue in operation and using the going concern basis of accounting unless the managing agent either intends to cease to operate the Syndicate, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Syndicate Annual Accounts

Our objectives are to obtain reasonable assurance about whether the syndicate annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these syndicate annual accounts.

A further description of our responsibilities for the audit of financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of Our Report

This report is made solely to the Syndicate's members, as a body, in accordance with The Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008. Our audit work has been undertaken so that we might state to the Syndicate's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Syndicate and the Syndicate's members as a body, for our audit work, for this report, or for the opinions we have formed.

Robert Bruce (Senior statutory auditor)
for and on behalf of Ernst & Young LLP, Statutory Auditor
London

**SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. Statement of Accounting Policies

General Information

The Syndicate commenced trading on 1 January 2016 as a Special Purpose Arrangement.

Underwriting capacity is provided by Patria Corporate Member Limited, a corporate member of the Society of Lloyd's that underwrites insurance business in the London market. The corporate member is the sole capital provider for the Syndicate.

Compliance with Accounting Standards

These financial statements have been prepared in accordance with United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", FRS 103 "Insurance Contracts" and the Insurance Accounts Directive (Lloyd's Syndicate and Aggregate Accounts) Regulations 2008. There were no material departures from those standards.

Basis of Preparation

The financial statements for the year ended 31 December 2018 comply with FRS 102 and 103.

The financial statements have been prepared on a historical cost basis, except for financial assets at fair value through profit and loss that are measured at fair value.

The financial statements are presented in pounds sterling, which is the Syndicate's reporting currency, in order for them to be consistent with returns provided to Lloyd's. The Syndicate's functional currency is US dollars, in order to better reflect the underlying business of the Syndicate. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

Going Concern Basis

These financial statements are prepared on a going concern basis.

Syndicates by their nature only underwrite for single underwriting years on behalf of their supporting members, however this is within a context of not finalising results until after 36 months so that typically there are three underwriting years in progress at any given time. In addition, Syndicates will normally expect to continue to trade for more underwriting years into the future.

The Syndicate's business activities, together with the factors likely to affect its future development are set out in the business review contained within the Managing Agent's Report. In addition, note 2 to the Annual Report provides details of the financial risks to which the Syndicate is exposed and how those risks are managed.

The Syndicate underwrites via a quota share arrangement with Syndicate 4000 on a funds withheld basis. Syndicate 4000 has considerable financial resources together with long term relationships with a number of brokers and policyholders across different classes of business and geographical areas. As a consequence, the Directors believe that the Syndicate is well placed to manage its business risks successfully despite the current uncertain economic outlook.

The Directors have a reasonable expectation that the Syndicate has adequate resources including the Funds at Lloyd's of the members supporting the Syndicate (as detailed in note 13) to continue in operational existence for the foreseeable future.

**SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. Statement of Accounting Policies (continued)

Use of Judgements and Estimates

In preparing these financial statements, the Directors of the managing agent have made judgements, estimates and assumptions that affect the application of the Syndicate's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Provision for Claims Outstanding

The measurement of the provision for claims outstanding involves judgements and assumptions about the future that have the most significant effect on the amounts recognised in the financial statements.

The provision for claims outstanding comprises the estimated cost of settling all claims incurred but unpaid at the balance sheet date, whether reported or not. This is a judgemental and complex area due to the subjectivity inherent in estimating the impact of claims events that have occurred but for which the eventual outcome remains uncertain. In particular, judgement is applied when estimating the value of amounts that should be provided for claims that have been incurred at the reporting date but have not yet been reported ("IBNR") to the Syndicate.

The amount included in respect of IBNR is based on statistical techniques of estimation applied by the Syndicate managing agent's actuaries and reviewed by external consulting actuaries. These techniques generally involve projecting from past experience the development of claims over time in view of the likely ultimate claims to be experienced and for more recent underwriting, having regard to variations in business accepted and the underlying terms and conditions. The provision for claims also includes amounts in respect of internal and external claims handling costs. For the most recent years, where a high degree of volatility arises from projections, estimates may be based in part on output from rating and other models of business accepted and assessments of underwriting conditions.

Further information about the risk that the provision for claims outstanding could be materially different from the ultimate cost of claims settlement is included in note 2.

Estimated Premium Income

For certain insurance contracts, premium is initially recognised based on an estimate. These estimates are judgemental and could result in prospective revisions in future accounting periods. The use of expert judgements and historical development patterns are the principle means by which the potential for revisions are minimised.

Basis of Accounting

The underwriting results are determined on an annual basis of accounting. Under the annual basis of accounting, the incurred cost of claims, commission and related expenses are charged against the earned proportion of premiums, net of reinsurance. The significant accounting policies are detailed below.

Premiums Written

Premiums written comprise direct and inwards reinsurance premiums on contracts inception during the financial year. Premiums are shown gross of brokerage payable to intermediaries and exclude taxes and duties levied on them. Estimates are made for pipeline premiums, representing amounts due to the Syndicate not yet notified.

Unearned Premiums

Written premiums are recognised as earned according to the risk profile of the policy. Unearned premiums represent the proportion of premiums written that relate to unexpired terms of policies in force at the balance sheet date, calculated on the basis of established earnings patterns or time apportionment as appropriate.

Reinsurance Premiums Ceded

Outwards reinsurance premiums are accounted for and earned in the same accounting period as the premiums for the related direct or inwards business being reinsured.

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

1. Statement of accounting policies (continued)

Basis of Accounting (continued)

Acquisition Costs

Acquisition costs include direct costs such as brokerage and commission, and indirect costs such as administrative expenses connected with the processing of proposals and the issuing of policies. The deferred acquisition cost asset represents the proportion of acquisition costs which corresponds to the proportion of gross premiums written that is unearned at the balance sheet date; this is then earned in future periods in line with the associated premium income.

Claims Provisions and Related Recoveries

Gross claims incurred comprise the estimated cost of all claims occurring during the year, whether reported or not, including related direct and indirect claims handling costs.

The provision for claims outstanding is assessed on an individual case by case basis and is based on the estimated ultimate cost of all claims notified but not settled by the balance sheet date, together with the provision for related claims handling costs. The provision also includes the estimated cost of claims incurred but not reported (“IBNR”) at the balance sheet date based on statistical methods.

These methods generally involve projecting from past experience the development of claims over time to form a view of the likely ultimate claims to be experienced for more recent underwriting, having regard to variations in the business accepted and the underlying terms and conditions. For the most recent years, where a high degree of volatility arises from projections, estimates may be based in part on output from rating and other models of the business accepted and assessments of underwriting conditions. The amount of salvage and subrogation recoveries is separately identified and, where material, reported as an asset.

The reinsurers’ share of provisions for claims is based on the amounts of outstanding claims and projections for IBNR, net of estimated irrecoverable amounts, having regard to the reinsurance programme in place for the class of business, the claims experience for the year and the current security rating of the reinsurance companies involved. A number of statistical methods are used to assist in making these estimates.

The two most critical assumptions as regards claims provisions are that the past is a reasonable predictor of the likely level of claims development and the rating and other models used for current business are fair reflections of the likely level of ultimate claims to be incurred.

The Directors consider that the provisions for gross claims and related reinsurance recoveries are fairly stated on the basis of the information currently available to them. However, the ultimate liability will vary as a result of subsequent information and events and this may result in significant adjustments to the amounts provided. The methods used, and the estimates made, are reviewed regularly.

Unexpired Risks Provision

A provision for unexpired risks is made where claims and related expenses arising after the end of the financial period in respect of contracts concluded before that date are expected to exceed the unearned premiums and premiums receivable under these contracts, after the deduction of any acquisition cost deferred.

The provision for unexpired risks is calculated by reference to classes of business which are managed together, after taking into account relevant investment return.

As of 31 December 2018 and 31 December 2017 the Syndicate did not have an unexpired risk provision.

Basis of Accounting (continued)

Foreign Currencies

The Syndicate's functional currency is US dollars. The financial statements are presented in pounds sterling, which is the Syndicate's reporting currency, in order for them to be consistent with returns provided to Lloyd's.

Transactions in pounds sterling, Canadian dollars, Australian dollars and euros are translated at the average rates of exchange for the period. Transactions denominated in other foreign currencies are included at the rate of exchange ruling at the date the transaction is processed.

Monetary assets and liabilities (which include all assets and liabilities arising from insurance contracts including unearned premiums and deferred acquisitions costs) denominated in foreign currencies are translated at the rate of exchange at the balance sheet date.

Exchange differences arising on the retranslation of opening balance sheet items at the closing balance sheet rate and the retranslation of the profit and loss account for the year are recorded in the non-technical account. Exchange differences arising on the retranslation from functional to presentational currency are recorded in Other Comprehensive Income.

The rates of exchange used to translate foreign currency monetary balances at year end to pounds sterling are as follows:

	31 December 2018	31 December 2017
US dollar	1.27	1.35
Canadian dollar	1.74	1.69
Euro	1.11	1.13
Australian dollar	1.81	1.73

Investment Return

Investment return comprises notional investment income on the Syndicate's funds withheld by Syndicate 4000. Investment return is initially recorded in the non-technical account. A transfer is made from the non-technical account to the general business technical account.

Taxation

Under Schedule 19 of the Finance Act 1993 managing agents are not required to deduct basic rate income tax from trading income. In addition, all UK basic rate income tax deducted from syndicate investment income is recoverable by managing agents and consequently the distribution made to members or their members' agent is gross of tax.

No provision has been made for overseas income tax payable on underwriting results. Any payments on account made by the Syndicate during the year are included in the balance sheet under the heading 'Members' balances'.

Pension Costs

Pembroke Managing Agency Limited operates a defined contribution scheme. Pension contributions relating to syndicate staff are charged to the Syndicate and included within net operating expenses.

Profit Commission

Profit commission payable to Lloyd's coverholders or producing brokers has been provided for on all years of account and recognised within acquisition costs. The profit commission is calculated in line with the contract term of these policies and the profitability of the underlying contract.

2. Risk Management

Risk Framework

The primary objective of the Syndicate's Risk Management Framework is to protect the members from events that hinder the sustainable achievement of financial performance objectives, including failing to exploit opportunities. The Board recognises the critical importance of having efficient and effective risk management systems in place.

PMA has an established risk management function for the Syndicate with a clear remit from the Board. This is supplemented with a clear organisational structure with documented delegated authorities and responsibilities from the Board. The Risk Management Framework sets out the risk profiles for the Syndicate, risk management, control and business conduct standards for the Syndicate's operations. It is reviewed annually and any changes are approved by the Board.

The Risk Committee and the Board approves the risk management policies and meets regularly to approve any commercial, regulatory and organisational requirements of such policies. Significant emphasis is placed on the assessment and documentation of existing and emerging risks and controls, including the articulation of risk appetite.

Insurance Risk - Underwriting

The Syndicate separately defines underwriting risk appetite in respect of market losses and syndicate-specific losses, with appetite for the former being greater.

Underwriting risk appetite is expressed at the highest level, as a maximum event-specific net underwriting loss as a percentage of syndicate capacity for a specific year of account. Detailed stochastic modelling of underwriting risk, both gross and net of reinsurance, using dynamic financial analysis techniques supports this approach.

PMA's Board approves the risk appetite limit, after consultation with capital providers considering the relativity between willingness to lose and potential forecast profitability for each year of account. The risk appetite will therefore reflect the view of forecast profitability, utilising the Syndicate's latest business plan assumptions.

Principal Risks

The principal risk the Syndicate faces under insurance contracts is that the actual claims and payments or the timing thereof, differ from expectations. This is influenced by the frequency of claims, severity of claims, and the development of long term claims liabilities. The objective of the Syndicate is to ensure that sufficient reserves are available to cover these liabilities.

The risk exposure is mitigated by diversification across a large portfolio of insurance contracts and geographical segments. The variability of risks is also improved by careful selection and implementation of underwriting strategy guidelines, as well as the use of reinsurance arrangements.

Reinsurance

Reinsurance allows the Syndicate to manage capital exposure to both frequency and severity. This includes the management of any systemic issues impacting a particular area of the account, as well as catastrophic losses across all business areas.

Business is written on the basis of generating a gross profit, regardless of the supporting reinsurance arrangements. Business planning and modelling assumptions are based on the expectation that reinsurers will make a profit. The core reinsurance providers to the Syndicate remain constant.

Underwriting Committee

The Syndicate underwrites short tail quota share reinsurance cessions from Syndicate 4000. Syndicate 4000 organises underwriting through the following product areas: Mergers & Acquisitions, Property, Liability, Political Risks & Political Violence, Marine/Energy, Accident & Health, Agriculture and Select Specialist Lines. Each product area reports to the Underwriting Committee and ultimately the PMA Board. This control process ensures that several layers of review occur for underwriting risks, with the focus being on the main components of risk, notably pricing, loss ratio selection, reserving, variations in experience, cycle management, reinsurance protection and catastrophe modelling.

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

2. Risk Management (continued)

Insurance Risk – Underwriting (continued)

Underwriting authorities, underwriting peer reviews of all risks, independent review procedures, and the audit and review of delegated arrangements all contribute to the strength of the underwriting control environment. PMA records and monitors individual risk exposures to ensure they remain within the policies and guidelines set.

Diversification

Risks usually cover twelve months' duration. Risks deliberately emanate from a diverse range of sources. The variability of risks is improved by careful selection and implementation of underwriting strategies, which are designed to ensure that risks are diversified in terms of type of risk and level of insured benefits. This is largely achieved through diversification across industry sectors and geographical segmentation.

Claims Management

To reduce the risk exposure of the Syndicate, PMA has put in place strict claim review policies to assess all new and ongoing claims. PMA performs regular detailed reviews of claims handling procedures and conducts frequent investigations of possible fraudulent claims.

The following table gives an indication of the likely quantum and scale of the largest (on a gross basis) Realistic Disaster Scenarios estimated for 2018 (highest gross event loss for year ended 31 December 2017 was Japanese Earthquake – based on 1923 Great Kanto Earthquake at £10,808,000).

Realistic Disaster Scenarios	Gross event loss £000	Net event loss £000
Gulf of Mexico Windstorm	14,681	4,167
California Earthquake – San Francisco	13,317	2,927
Earthquake – Los Angeles	12,891	2,811

The Syndicate monitors exposures through a combination of deterministic modelling as part of the Realistic Disaster Scenarios Framework and stochastic modelling as part of Lloyd's catastrophe model reporting requirements. The Syndicate monitors total net claims on a 1-in-200 multiple event basis against capital requirements.

Insurance Risk – Reserving

Principal Risk

PMA's Reserving Policy seeks to ensure appropriate allowance for reserving risk and consistency in reserving from year to year. Booked reserves represent the level of reserves booked at syndicate level. They are prepared by underwriting year on an actuarial best estimate basis. Booked reserves provide the basis for the syndicate results and forecasts.

Actuarial best estimate reserves are intended to be true best estimates, i.e. estimates of expected value claims reserves. These are the basis for internal reporting and the derivation of expected loss ratios for business planning.

The following table illustrates the sensitivity of the financial year results to changes in the net loss ratio (negative movements reflect a decrease in results / members' balances):

Impact on result and members' balances (change in net reserves)	2018 £000	2017 £000
Net loss ratio – increase of 5%	(761)	(640)
Net loss ratio – increase of 10%	(1,521)	(1,281)

**SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018**

2. Risk Management (continued)

Insurance Risk – Reserving (continued)

Mitigation

The actuarial best estimate reserves are calculated by PMA. The Actuarial Function determines the reserves in conjunction with extensive discussions with the Underwriting, Claims, Finance and Reinsurance functions. The Directors consider, assess and approve the best estimate reserves. Reserving risk is controlled by the robust application of actuarial methodologies, stepped sign-off procedures, quarterly tracking of projected ultimate loss ratios, reassessment of methodologies where appropriate, regular dialogue between actuaries and practitioners, and access to historical loss data.

Regulatory Risk

PMA is required to comply with the requirements of the Prudential Regulation Authority, the Financial Conduct Authority and Lloyd's. Lloyd's requirements include those imposed on the Lloyd's market by overseas regulators, particularly in respect of US Situs business. Regulatory risk is the risk of loss owing to a breach of regulatory requirements or failure to respond to regulatory change. PMA has a Compliance Officer, who monitors regulatory developments and assesses the impact on PMA policy. PMA also carries out a compliance-monitoring programme as documented in the Compliance Framework.

Capital Framework at Lloyd's

Lloyd's is a regulated undertaking and subject to the supervision of the Prudential Regulatory Authority (PRA) under the Financial Services and Markets Act 2000. Lloyd's is subject to the Solvency II capital regime. Within the supervisory framework, Lloyd's applies capital requirements at member level and centrally to ensure that Lloyd's complies with Solvency II capital requirements, and beyond that to meet its own financial strength, licence and ratings objectives.

Although Lloyd's capital setting processes use a capital requirement set at syndicate level as a starting point, the requirement to meet Solvency II and Lloyd's capital requirements only apply at overall and member level respectively, not at syndicate level. Accordingly, the capital requirement in respect of the Syndicate is not disclosed in these financial statements.

Lloyd's Capital Setting Process

In order to meet Lloyd's requirements, each syndicate is required to calculate its SCR for the prospective underwriting year. This amount must be sufficient to cover a 1-in-200 year loss, reflecting uncertainty in the ultimate run-off of underwriting liabilities (SCR 'to ultimate'). The Syndicate must also calculate its SCR at the same confidence level but reflecting uncertainty over a one year time horizon (one year SCR) for Lloyd's to use in meeting Solvency II requirements. The SCR of syndicates are subject to review by Lloyd's and approval by the Lloyd's Capital and Planning Group.

Lloyd's applies capital uplift to the Syndicate's SCR known as the Economic Capital Uplift to derive the Syndicate's final Economic Capital Assessment (ECA). The purpose of this uplift, which is a Lloyd's, not a Solvency II requirement, is to meet Lloyd's financial strength, licence and ratings objectives. The capital uplift applied for 2018 was 35% (2017: 35%) of the Syndicate's SCR to ultimate. The ECA for a corporate member is determined by Lloyd's with reference to the ECAs of the syndicates on which the member participates, and the member's share of each syndicate.

Provision of Capital by Members

Each member may provide capital to meet its ECA either by assets held in trust by Lloyd's specifically for that member (Funds at Lloyd's), held within and managed within a syndicate (Funds in Syndicate) or as the member's share of the members' balances on each syndicate on which it participates.

Accordingly, all of the assets less liabilities of the Syndicate, as represented in the members' balances reported on the statement of financial position, represent resources available to meet members' and Lloyd's capital requirements.

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation. The key aspect of credit risk is the risk of default by a reinsurer, insurance intermediary or debt holder. As an SPA this risk is closely interlinked with that of Syndicate 4000.

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

2. Risk Management (continued)

Credit Risk (continued)

The table below provides information regarding the credit risk exposure of the Syndicate at 31 December 2018 by classifying assets according to Standard & Poor's credit ratings of the counterparties. AAA is the highest possible rating. Assets that fall outside the range of AAA to BBB and below are classified as speculative grade and have not been rated.

As at 31 December 2018	AAA	AA	A	BBB and below	Not rated	Total
	£000	£000	£000	£000	£000	£000
Reinsurers' share of outstanding claims	-	77	2,435	1,855	325	4,692
Reinsurance debtors	-	95	616	291	30	1,032
Total	-	172	3,051	2,146	355	5,724

As at 31 December 2017	AAA	AA	A	BBB and below	Not rated	Total
	£000	£000	£000	£000	£000	£000
Reinsurers' share of outstanding claims	-	67	994	145	5	1,211
Reinsurance debtors	-	19	161	72	-	252
Total	-	86	1,155	217	5	1,463

A PMA Reinsurance Working Group reviews all reinsurer counterparties with whom PMA wishes to conduct business and sets credit limits for the recoveries due from individual reinsurers. The review includes an analysis of the financial strength of the reinsurer, its payment performance record and standing in the market. Thereafter, with the assistance of outside expertise, management of reinsurer credit risk follows active and regular review of credit ratings and financial exposure to all approved reinsurers.

Broker credit risk limits are also determined depending on the grading of the relevant broker and exposures monitored against limits on a monthly basis.

As at the balance sheet date, all financial assets of the Syndicate are unimpaired (2017: all unimpaired) and are not yet due (2017: all not yet due).

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

2. Risk Management (continued)

Liquidity Risk

The Syndicate operates on a funds withheld basis with Syndicate 4000, so is not subject to liquidity risk on a day to day basis. All cash payments are made via Syndicate 4000.

Market Risk – Currency Risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Syndicate writes a significant proportion of reinsurance business in currencies other than pounds sterling, which creates exposure to currency risk.

The table below summarises the exposure of financial assets and liabilities to foreign currency exchange risk at the balance sheet date.

As at 31 December 2018	GBP £000	USD £000	EUR £000	CAD £000	AUD £000	Total £000
Reinsurers' share of technical provisions	(3,636)	11,567	(1,285)	(368)	(338)	5,940
Debtors - reinsurance operations	8,809	25,648	6,218	451	1,395	42,521
Prepayments and accrued income	669	1,100	86	12	43	1,910
Total assets	5,842	38,315	5,019	95	1,100	50,371
Technical provisions	(5,276)	(20,901)	(4,951)	(173)	(322)	(31,623)
Creditors – reinsurance operations	(1,532)	(21,745)	(1,381)	(153)	(790)	(25,601)
Accruals and deferred income	(6,573)	(492)	(8)	-	-	(7,073)
Total liabilities	(13,381)	(43,138)	(6,340)	(326)	(1,112)	(64,297)
Currency deficiency	(7,539)	(4,823)	(1,321)	(231)	(12)	(13,926)

As at 31 December 2017	GBP £000	USD £000	EUR £000	CAD £000	AUD £000	Total £000
Reinsurers' share of technical provisions	50	1,381	54	18	-	1,503
Debtors - reinsurance operations	7,853	9,375	4,937	325	1,169	23,659
Prepayments and accrued income	680	547	164	11	57	1,459
Total assets	8,583	11,303	5,155	354	1,226	26,621
Technical provisions	(2,620)	(11,452)	(3,178)	(220)	(575)	(18,045)
Creditors – reinsurance operations	(803)	(9,186)	(433)	(86)	(396)	(10,904)
Accruals and deferred income	(4,057)	(473)	(11)	-	-	(4,541)
Total liabilities	(7,480)	(21,111)	(3,622)	(306)	(971)	(33,490)
Currency surplus/(deficiency)	1,103	(9,808)	1,533	48	255	(6,869)

The table below gives an indication of the impact on the result of a percentage change in the relative strength of pounds sterling against the value of the US dollar, euro, Canadian dollar and Australian dollar simultaneously.

As at 31 December 2018	2018 £000	2017 £000
<i>Sterling weakens</i>		
10% against other currencies	(710)	(885)
20% against other currencies	(1,597)	(1,993)
<i>Sterling strengthens</i>		
10% against other currencies	581	725
20% against other currencies	1,064	1,329

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

2. Risk Management (continued)

Market Risk – Interest Rate

Interest rate risk is the risk that the value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Currently the Syndicate does not hold any investments and insurance liabilities are not discounted. Therefore, the Syndicate is not currently exposed to interest rate risk.

Operational Risk

This is the risk that errors caused by people, processes or systems lead to losses to the Syndicate. PMA seeks to manage this risk with detailed procedures manuals and a structured programme of testing of processes and systems by internal audit.

3. Segmental Analysis

All of the Syndicate's business is underwritten via reinsurance contracts with Syndicate 4000. All premiums were concluded in the UK.

4. Claims Incurred, Net of Reinsurance

In setting claims provisions, the Syndicate gives consideration to the probability and magnitude of future experience being more adverse than assumed and exercises a degree of caution in setting reserves where there is considerable uncertainty. In general, the uncertainty associated with the ultimate claims experience in an underwriting year is greatest when the underwriting year is at an early stage of development and the margin necessary to provide the necessary confidence in the provisions adequacy is relatively at its highest. As claims develop, and the ultimate cost of claims becomes more certain, the relative level of margin maintained should decrease. However, due to the uncertainty inherent in the estimation process, the actual overall claim provision may not always be in surplus.

Gross claims development

Pure underwriting year	2016 £000	2017 £000	2018 £000	Total £000
<i>Estimate of cumulative claims incurred</i>				
At the end of the underwriting year	6,243	9,315	13,334	
One year later	10,809	15,936		
Two years later	11,083			
Less: cumulative payments to date	(6,859)	(7,383)	(935)	
	4,224	8,553	12,399	25,176
Gross claims outstanding provision				25,176

Net claims development

Pure underwriting year	2016 £000	2017 £000	2018 £000	Total £000
<i>Estimate of cumulative claims incurred</i>				
At the end of the underwriting year	5,786	8,348	10,209	
One year later	10,228	14,506		
Two years later	9,913			
Less: cumulative payments to date	(6,424)	(6,810)	(910)	
	3,489	7,696	9,299	20,484
Net claims outstanding provision				20,484

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

5. Net Operating Expenses

	2018	2017
	£000	£000
Acquisition costs	4,824	3,844
Change in deferred acquisition costs	(407)	(403)
Administrative expenses	1,703	1,722
Gross operating expenses	6,120	5,163
Reinsurers' commissions	(83)	(62)
Net operating expenses	6,037	5,101

6. Auditor's Remuneration

	2018	2017
	£000	£000
<i>Fees payable to the Syndicate's auditor for:</i>		
Audit of the Syndicate Annual Accounts	8	8
Other services pursuant to regulations and Lloyd's byelaws	62	44
Other non-audit services	27	21
	97	73

Auditor's remuneration is included as part of administrative expenses in note 5.

7. Staff Numbers and Costs

All staff were employed by Pembroke Managing Agency Limited. The following amounts were recharged to the Syndicate in respect of salary costs:

	2018	2017
	£000	£000
Wages and salaries	978	828
Social security costs	171	114
Other pension costs	79	55
	1,228	997

The average number of employees employed by the managing agent but working for the Syndicate during the year was as follows:

	2018	2017
	Number	Number
Administration and finance	14	17
Compliance	12	12
Other	3	5
	29	34

Employees are not devoted entirely to the Syndicate and may work for other syndicates for which Pembroke Managing Agency Limited is the managing agent.

SYNDICATE 6125
NOTES TO THE ANNUAL REPORT
FOR THE YEAR ENDED 31 DECEMBER 2018

8. Emoluments of the Directors of Pembroke Managing Agency Limited

No specific amounts of remuneration or compensation were recharged to the Syndicate in respect of the Directors of PMA or the Active Underwriter of Syndicate 4000. A general amount of salary and wages costs were recharged from Syndicate 4000 to the Syndicate. This recharge related to the perceived effort of all PMA employees working on the Syndicate.

9. Debtors Arising Out of Reinsurance Operations

	2018	2017
	£000	£000
<i>Due within one year:</i>		
Due from ceding insurers and intermediaries under reinsurance business written	12,645	-
Due from reinsurers and intermediaries under reinsurance contracts ceded – reinsurance recoverable on paid claims	434	-
	13,079	-
<i>Due after one year:</i>		
Due from ceding insurers and intermediaries under reinsurance business written	28,844	23,407
Due from reinsurers and intermediaries under reinsurance contracts ceded – reinsurance recoverable on paid claims	598	252

12. Related Parties

Managing Agent

The Syndicate is managed by Pembroke Managing Agency Limited (“PMA”). The immediate parent company of PMA is Pembroke JV Limited.

Capital

Underwriting capacity is provided by Patria Corporate Member Limited which is not a Liberty Group company.

Inwards Reinsurance Contracts

The Syndicate assumes business by way of variable rate quota share arrangements from Syndicate 4000, which is also managed by PMA. The debtor balance with Syndicate 4000 as at 31 December 2018 is £42.5m (2017: £23.7m) and the creditor balance is £25.6m (2017: £10.9m).

13. Funds at Lloyd’s

Every member is required to hold capital at Lloyd’s which is held in trust and known as Funds at Lloyd’s (“FAL”) and these funds are intended primarily to cover circumstances where syndicate assets prove insufficient to meet participating members’ underwriting liabilities.

The level of FAL that Lloyd’s requires a member to maintain is determined by Lloyd’s based on PRA requirements and resource criteria. FAL has regard to a number of factors including the nature and amount of risk to be underwritten by the member and the assessment of the reserving risk in respect of business that has been underwritten. Since FAL is not under the management of the managing agent, no amount has been shown in these accounts by way of such capital resources. However, the managing agent is able to make a call on the members’ FAL to meet liquidity requirements or to settle losses.

14. Off Balance Sheet Items

The Syndicate has not been a party to any arrangements which are not reflected in its Statement of Financial Position, where material risks and benefits arise to the Syndicate.
