This bulletin sets out updated requirements for the handling of Italian complaints. It replaces [Market Bulletin Y4943](#).

Italy is in-scope for Lloyd's arrangements for international complaints handling as set out in [Market Bulletin Y4961](#). Therefore managing agents should take steps to comply with the procedures set out in that bulletin.

In addition, managing agents are asked to note and comply with the additional requirements for Italian complaints handling set out in this bulletin. In particular, these requirements relate to:

- Insurance agents enrolled in Italy in Section A of the Register of Intermediaries; and
- The role of Lloyd's Italian office (LIO).

Lloyd's updated requirements for Italian complaints handling take into account Provision No. 30 of March 2015 and Provision No. 46 of May 2016 amending ISVAP Regulation No. 24 of 19 May 2008. These Provisions were issued by IVASS to introduce new rules for the handling of complaints in Italy.

Agents enrolled in Section A of the Register of Intermediaries

In addition to complaints against underwriters, insurers in Italy (including Lloyd's syndicates) are now also responsible for dealing with complaints made against their insurance agents when they are acting on their behalf and where the agent is registered in Section A of the Register of Intermediaries. In the context of the Lloyd's market, this means complaints made against coverholders and OMCs in Italy that are registered in Section A of the Register of Intermediaries. The [Register of Intermediaries](#) is available on the IVASS website.

Accordingly, managing agents must engage with these agents to ensure that they have processes in place to support compliance with Lloyd's arrangements for complaints handling. In particular managing agents must ensure that these agents are able to and will report all relevant information promptly to managing agents. New complaints received by agents must be notified to managing agents within 48 hours.

Where managing agents have authorised an agent registered in Section A of the Register of Intermediaries to handle complaints, it remains the responsibility of the managing agents to ensure that Lloyd's complaints requirements, and requirements under local regulations, are complied with.

Note that complaints made against insurance intermediaries that are not registered in Section A of the Intermediaries Register remain the responsibility of that intermediary and are not the responsibility of Lloyd's underwriters. Accordingly, such complaints are outside the scope of Lloyd's procedures for complaints handling. For such insurance intermediaries, managing agents are only responsible for handling the complaint where the complaint is against underwriters.

The role of Lloyd's Italian office (LIO)

Under Lloyd's updated procedures, LIO will no longer provide responses to complaints on behalf of Lloyd's underwriters. This is now a matter for managing agents (or their coverholders/TPAs). Accordingly, all complaints received by LIO will be forwarded within one working day to the relevant managing agent to respond to.

Nevertheless, Lloyd's requires managing agents to keep LIO informed of complaints as follows:

- Managing agents must notify new complaints to LIO within 48 hours of receipt. A copy of the original complaint must be included.
- LIO will take responsibility for notifying the complaint (and providing the original complaint) to Lloyd's Complaints team within 14 days from original receipt of the complaint. There is therefore no requirement in Italy for managing agents to notify new complaints to the Lloyd's Complaints team.
- A copy of the final response to the complainant must be sent to LIO and Lloyd's Complaints team within 48 hours.

Further guidance on Italian complaints handling

To assist managing agents with the handling of Italian complaints, Lloyd's has produced:

LLOYD'S INTERNATIONAL COMPLAINTS - ITALY

Handling Italian Complaints at Lloyd's: Guidance for managing agents and their representatives

This guidance note provides a practical process for handling complaints received from complainants in Italy.

Where complaints arise complainants should expect to have their complaint dealt with in a prompt and reasonable way. At the same time, different countries have different local rules for the handling of complaints. Lloyd's revised arrangements for international complaints will allow for better oversight of the handling of complaints outside of the UK, consistent with the regulatory expectations of the Financial Conduct Authority (FCA), whilst allowing flexibility for managing agents in the way they handle complaints.

Managing agents should ensure they are able to comply with local regulations in Italy as well as Lloyd's requirements for handling complaints in that territory. Any questions should be directed to the Lloyd's Complaints team.

Note: This note is only intended to provide summary guidance. It is important that managing agents continue to refer to Crystal for territory specific complaints regulations, including for Italy. For Italy, this includes requirements for insurers to handle complaints made against their agents when they are acting on their behalf and where the agent is registered in Section A of the Register of Intermediaries.

Process to be followed for handling Italian complaints

- Managing agents must have procedures in place that allow complaints to be made in writing. The definition of a complaint in Italy is:

"A statement of dissatisfaction in written form with an insurance undertaking, an insurance intermediary or an intermediary registered in the annexed list [insurance intermediaries authorised and regulated in another EEA member state that have passported into Italy] relating to an insurance contract or service; enquiries, requests for clarifications, claims for damages or requests for the performance of the contract shall not be considered complaints."

- It is the responsibility of managing agents to handle all international complaints appropriately and ensure they are compliant with all relevant local rules. This includes any requirement to acknowledge complaints, provide information to the complainant and meet applicable time limits.
- The Agent must advise the complainant that their complaint has been passed to the insurer.
- Managing agents or representatives must report a complaint to the Lloyd's Italian office (LIO) within 48 hours of receipt. This includes, but is not limited to all complaints that are subject to the local regulatory complaint handling rules or where the complainant has a right of referral to IVASS.
 - There is no need to include complaints which were brought to the attention of the managing agent by Lloyd's.
 - There is no requirement for a "nil return" where no complaints are received.
 - For policies or binding authorities where there is more than one syndicate participating, Lloyd's expects the lead syndicate to notify the complaint.
- Managing agents must include the original complaint when reporting complaints to LIO and preferably they should also use the template provided by Lloyd's although this is not mandatory.
- If used the Notification Template should be downloaded from www.lloyds.com/complaintshandling and sent once completed via email to: servizioreclami@lloyds.com or servizioreclami@pec.lloyds.com (certified email)
- The following table explains how to complete the International Complaint Notification template. Completion of all fields is mandatory, with the exception of the Address field. Managing agents should ensure that they provide the information in a way that is compliant with the applicable data protection laws.

- Complaints will be entered onto the complaints monitoring database by Lloyd's to enable effective monitoring and regulatory reporting.
- Managing agents must also keep their own record of each complaint received and the measures taken for their resolution.
- Lloyd's reserves the right to review and take over coordinating the response to individual complaints where, in the view of Lloyd's, this is appropriate in all the circumstances, including to meet local regulatory expectations of Lloyd's.

Response to complainant

- In all cases a written response must be sent to the complainant by the regulatory deadline. Where the complainant is in Italy, a response should be sent in Italian, within 45 days of the complaint being received.
- Responses must outline the right of the complainant (where applicable) to refer their complaint to IVASS.
- The letter should set out details of any redress or remedial action being offered. Redress includes:
 - Payments to put the complainant back into the position the complainant should have been in had the act or omission complained about not occurred, including any claim payments
 - Amounts paid for distress and inconvenience

- Goodwill payments and goodwill gestures
 - Interest on delayed settlements
 - Waiver of any excess
- A copy of the response must be emailed to both LIO at servizioreclami@lloyds.com or servizioreclami@pec.lloyds.com (certified email) and the Lloyd's Complaints team internationalcomplaints@lloyds.com within 48 hours of the response being issued. The covering email should confirm the root cause of the complaint, selecting the main reason from:
 - Claim – coverage / terms and conditions
 - Claim – customer service
 - Claim - delay
 - Claim – quantum
 - Claim – standard / duration / delay of repair
 - Cancellation / refund
 - Customer service – non-claims related
 - Product suitability
 - Other (we would expect this option to be rarely used)
 - Underwriting / Premium Issues
 - For complaints made against the insurance agent, a copy of the response must be sent to the insurance agent together with details of any corrective action that they need to take in order to remove the cause of the complaint.
 - Lloyd's Complaints team will monitor each complaint against Key Performance Metrics to ensure:
 - the response to the complaint addresses all issues raised
 - regulatory deadlines are complied with
 - IVASS escalation rights are provided to the complainant
 - Failure to (1) provide a copy of the original complaint, (2) issue a response within the required timeframe, (3) provide a copy of the response to Lloyd's Complaints team, (4) provide correct and complete IVASS rights, or (5) confirm the root cause of the complaint will incur an 'Additional Administration Fee' charge.

Referral to the Supervision of Insurance (IVASS)

- Complainants may refer their complaint to the Institute for the Supervision of Insurance (IVASS) 45 days after submitting the complaint to the insurer or following receipt of an unsatisfactory response.
- Managing agents or their representatives must inform LIO and Lloyd's Complaints team as soon as they are aware that a complaint has been referred to IVASS.
- LIO will coordinate the handling complaints referred to IVASS and will be responsible for issued a response to IVASS.

- When the IVASS process has been concluded a copy of the outcome must be provided to Lloyd's Complaints team. Lloyd's will also require confirmation as to whether the decision is being accepted or rejected.

FCA complaints return

- Every six months, Lloyd's is required to submit a return to the FCA, detailing the number of complaints received, how quickly they were resolved, how many were upheld in the period and the amount of redress paid.
- Managing agents will be required to confirm, on request, that they (and anybody acting on their behalf) have notified Lloyd's of all complaints received by them.
