

Lloyd's Dubai

Extensive specialist underwriting

Lloyd's Dubai

For more than six decades, Lloyd's has worked to strengthen the dynamic insurance and reinsurance markets across the Middle East.

Lloyd's opened its hub at the Dubai International Financial Centre (DIFC) in March 2015 in order to provide valuable capacity and specialist underwriting expertise.

Having established itself as the leading platform for specialist underwriting talent across the Middle East, Lloyd's works with local cedents and brokers to provide expertise in specialist classes. With its powerful global reach and deep local insights, Lloyd's is proud to offer world class risk cover to businesses and governments in the Gulf Cooperation Council and beyond.

Lloyd's service companies and coverholders in Dubai are regulated directly by the Dubai Financial Services Authority to underwrite a wide variety of risks. Information on each service company/coverholder operating in the DIFC and the wider Middle East including the classes of business they specialise in can be found in this brochure and on the Lloyd's website: www.lloyds.com/dubai
