

SPECIAL REQUIREMENTS

Special accommodation process

Lloyd's are committed to ensuring there are no unnecessary barriers to assessment. We are able to provide special adjustments for those with visual or hearing impairments, difficulties with mobility and also learning disabilities, such as dyslexia.

The following accommodations are available upon request:

- Separate room
- Reader/recorder + 30 minutes extra time
- 25% extra time
- 50% extra time
- 100% extra time

In order to apply for one of the special accommodations above please complete the attached application form and email it to LLMIT@lloyds.com before you apply for the LLMIT examination.

Lloyd's may request supporting documentation from the candidate before approving the request. When approved, Lloyd's will send the request directly to Pearson VUE who will contact the candidate to schedule their exam with the accommodations in place.

Please note- the separate room or reader/recorder accommodations are subject to availability in the test centre of the candidate's choice and therefore you should apply well in advance of the desired test date.

Lloyd's also recognise that candidates across the globe will be taking the LLMIT and therefore have authorised the automatic extension of 15 minutes for candidates who are registered in a country whose official languages do not include English. This is an automatic extension and therefore does not require the candidate to apply. You will be informed of this extension when your test date is scheduled.
