**DEADLINE:**

The purpose of this bulletin is to confirm the timetable and other arrangements in respect of the submission of the Quarter 1 2003 Canadian Reporting packs to the Canadian Regulators (OSFI).

Timetable for 31 March 2003 reporting exercise

The quarterly returns must be filed with OSFI within 45 days of the quarter-end. Agents are reminded that this deadline must be met in order to ensure that Lloyd's fulfils its Canadian reporting requirements. The timetable for this filing exercise is detailed below:

	<u>Key Date</u>
Hard copy cash and investment data available to Managing Agents on request.	Wednesday 23 April 2003
Provision of preliminary electronic packs by MR to managing agents <b>via the MR web-site. <u>Agents should download their packs and supporting documentation from the web-site.</u></b>	Wednesday 30 April 2003
Submission of amended electronic packs by managing agents to MR.	Wednesday 7 May 2003
Final aggregated P&C-2 to be sent to Canada by MR	Friday 9 May 2003
Cash movement instructions to be returned to David Whitby, Settlements & Trust Funds, CH/L4, for value date 23 May 2003. <b><u>There will be a £50 charge for the additional work required for instructions submitted after this date.</u></b>	Friday 16 May 2003

**Please note that it is essential that any queries generated by the packs or otherwise should be raised well in advance of the deadline dates to allow MR sufficient time to revert to you with the answers. This is particularly relevant where queries relate to Royal Trust investment and cash balances or where, in extremis, an adjustment is required which cannot be made to the electronic packs which agents are updating.**

The timetable is very tight this quarter. This is because of the way weekends and public holidays fall.

#### Canadian Reporting Instructions:

Detailed instructions will be provided with the preliminary packs. You are reminded that individual syndicate level data is aggregated and used in a single Lloyd's filing made to OSFI for the entire market.

Although individual syndicate level packs are not filed, it is important that agents check the accuracy of the data in the preliminary packs. This is to ensure the accuracy of the market's consolidated filing and also the accuracy of the basis of the funding which syndicates must maintain in the Lloyd's Canadian Trust Fund and the Margin Fund.

The key steps to be taken are:

1. Check the quarterly underwriting transactions
2. Review the reserves figures
3. Check the asset (RTC) balances
4. Enter any permissible reinsurance recoverables
5. Submit update to MR
6. Fund the LCTF and the Margin Fund.

#### Reserving at quarter ends

Documentation relating to permissible reinsurance recoverables should be sent to Simon Falk (Ext 5683, E-mail address "simon.falk@lloyds.com") before Monday 12 May.

Questions relating to reserving should be addressed to Ian Shires (Ext 5684, E-mail address "ian.shires@lloyds.com") by close of business on Tuesday 6 May at the latest.

This bulletin has been sent to all Compliance Officers and Finance Officers of the managing agents.
