**DEADLINE:**

Comprehensive, searchable directories of **current** Lloyd's market entities are now accessible via lloyds.com at [www.lloyds.com/marketdirectories](http://www.lloyds.com/marketdirectories). Listings are automatically updated on a daily basis via databases maintained by the Admissions and Broker Services departments.

The following directories are available:

- Managing Agents
- Brokers
- Members' Agents
- Managing Agents in run-off
- Members' Agents in run-off
- Companies providing services for syndicates in run-off

Each listing consists of the full company name (both current and previous), address, and contact details. In addition, Managing Agent listings include syndicate information detailing year of account, syndicate status, syndicate number and active underwriter.

There are several ways to search for a listing:

- Each directory presents an A-Z view, whereby visitors may click on a letter to display a list of entries beginning with that letter.
- Visitors may search for listings by current or previous name, and where relevant, syndicate number, broker number or broker pseudonym.

- When performing a search from **any** one of the **agent** directories, the search function looks through **all** the agent directories for relevant results.

Any questions regarding the directory listings outlined above should be addressed to the Business Intelligence Centre on Lloyd's extension 5448 or [lloyds-external-enquiries@lloyds.com](mailto:lloyds-external-enquiries@lloyds.com)

This bulletin is being sent to managing agents, members' agents, brokers, market associations, Lloyd's advisors and recognised accountants.
