LLOYD'S

One Lime Street London EC3M 7HA

FROM: Manager, Settlement and Trust Fund Operations
LOCATION: STFO/CH/L4
EXTENSION: 2098
DATE: 4 December 2003
REFERENCE: Y3199
SUBJECT: AMERICAN, CANADIAN AND OTHER OVERSEAS TRUST FUNDS YEAR END REPORTING TIMETABLE

ACTION POINTS: Note Timetable
DEADLINE: As Per Timetable

Please find attached a copy of this year's timetable (Appendix 1).

As in previous years, the American Custody Pricing Tolerance Standard, which is now being accepted as the industry standard for all Trustees in the USA will be applied (see Appendix 2). Similar arrangements have been instituted with the Canadian Trustee (see Appendix 3).

Agents should note the pricing sources that the Trustees will be using. If agents anticipate any problems with these prices, steps should be taken to ensure that Citibank and/or Royal Trust are supplied with an alternative valuation by 14 January 2004 (Citibank) and 12 January 2004 (Royal Trust). If no alternative valuations are received by the deadline, the initial prices obtained by the Trustees will automatically be applied.

Please note that if an alternative price is adopted for a particular security then it will be applied to all holdings within the Trust Fund.

Agents should take account of the tight timescale, which cannot be avoided, for all processing including queries. Please note that reports, as detailed on the timetable, will be available for collection from Jade Martin, Reception Desk, 86/G5 by personal callers, who will need to produce an appropriate letter of authority and personal identification.

Please note that the following LATF schedules are no longer produced:

Initial Year End Package (Block)

Classified Income
Tax Code Recap
Final Tax Package for Agents' information

US tax figures will still be produced as they are needed to complete Names' US tax returns, but the information will be supplied direct to Lloyd's MSU.

Any tax enquiries should be directed to Maureen McLeod, Manager, International Tax on Lloyd's extension 6860.

Managing Agents and their investment advisers should be aware that LATF preliminary pricings and assets will be available electronically via Citibanking on 2 January 2004.

As in previous years any queries on the year end schedules should be faxed direct to the relevant Trustee on the attached pro-formas (Appendices 4 and 5).

Agents should note that it is critical that the final deadlines for sending queries to the Trustees are strictly adhered to in order to achieve this timetable for the whole Market.

Arrangements have been made for certificates of balance and assets held in respect of LDTF accounts (including pool accounts, sweep accounts and CILF balances) to be despatched direct to managing agents and their auditors on 10 January 2004 by Citibank London.

Queries in respect of the above LDTF reports should be directed to the following Relationship/Custody Account Managers at Citibank:-

Any queries on these statements should be directed to Mat Stone, Financial Control, Chatham on Lloyd's extension 2306.

Any general queries concerning this letter and enclosures should be addressed to David Whitby on extension 2206 or Ian Wootten on extension 2098, and any enquiries regarding the collection of year end documentation should be addressed to Keith Coutinho on extension 5762.

This bulletin has been sent to all Managing Agents and Recognised Auditors.
