DEADLINE: **23 April 2004**

In order for Lloyd's to comply with the Lloyd's Act 1982 and the Register of Members' Byelaw (No 22) of 1983 Members' Services Unit will shortly contact each broker, members' agent and managing agent who reported in the last annual exercise that they employed working members.

This will enable the employment details of those members currently shown on the Working Register to be verified.

The Register is used to determine who is eligible to vote in the election of External and Working members of the Council of Lloyd's.

Any questions you may have in respect of the above should be addressed to Lynda Edwards who can be contacted on ext 2058.

This Bulletin is being sent to all managing agents, members' agents and brokers.
