LOCATION: G12
EXTENSION: 6677
DATE: 13 May 2004
REFERENCE: Y3315
SUBJECT: AUSTRALIA: TERRORISM INSURANCE ACT 2003
("ATIA") – ANNUAL REPORTING TO THE ARPC
SUBJECT AREA(S): Provision of information on the reporting obligations to the ARPC.
ATTACHMENTS: Appendix 1: Instructions for the completion of the annual return.
Appendix 2: Information to assist in the preparation of the ARPC quarterly return.
ACTION POINTS: **Underwriters and Brokers to note**
DEADLINE: **Annual return – 20 July 2004**
Quarterly return – 20 days after the end of each quarter

1. Purpose and scope of Bulletin

1.1 The purpose of this Bulletin is to provide the Market with guidance on the completion of the annual return to the Australian Reinsurance Pool Corporation ("ARPC")

1.2 Previous communication to the market on the Australian Terrorism Insurance Act 2003 ("ATIA") has been in the following forms:

- ◆ Market Bulletin Y2945, issued on 17 December 2002
- ◆ An Old Library presentation on 12 May 2003
- ◆ Market Bulletin Y3081, issued on 26 June 2003
- ◆ Market Bulletin Y3126, issued on 28 August 2003
- ◆ Market Bulletin Y3144, issued on 17 September 2003
- ◆ An Old Library presentation on 24 September 2003
- ◆ Market Bulletin Y3150, issued on 26 September 2003

- ◆ Market Bulletin Y3210, issued on 15 December 2003

Copies of all the above Market Bulletins are available via the following link:

<http://www.lloyds.com/index.asp?itemid=2431> – please scroll down to the ‘Market Bulletin’ section.

2. Syndicate Reporting to the ARPC

A syndicate that has chosen to opt into the reinsurance arrangement with the ARPC is required to submit both quarterly and annual returns to the ARPC. Syndicates are required to report on the actual physical location of the risk as opposed to, for example, the business or mailing address of the insured.

Annual Return

A syndicate that has chosen to opt into the reinsurance arrangement with the ARPC is required to submit an annual return to the ARPC in the format outlined in Annexe A and B of Appendix 1 a copy of which can be obtained from Worldwide Markets, see further information section for relevant contacts.

The ARPC intends to develop a Terrorism reinsurance exposure and rating model using the data collected from the annual returns. In order for the ARPC to continually review the adequacy of their reinsurance terms and cover, it is important that they receive accurate risk exposure information at postcode level.

The annual return is broken down in to two separate worksheets. The first worksheet (Annexe A) is for all eligible risks, excluding construction. The second worksheet (Annexe B) is for construction risks only (including annual contract works policies). Instructions, issued by the ARPC, for the completion of these returns are outlined in Appendix 1.

Timings

The ARPC requires that the annual return is submitted to them by 30 July each year. Therefore, the annual return for the period **1 October 2003 to 30 June 2004** must be submitted by Lloyd’s Australia no later than this date. In order to ensure that this time frame is met, a syndicate needs to ensure that the return is submitted, electronically to Lloyd’s Australia, with a copy to Worldwide Markets, via australian.terrorism@lloyds.com, by **no later than 20 July 2004**. Nil returns must also be submitted. The syndicate returns will then be collated for onward submission to the ARPC.

Note: The annual return needs to be completed by syndicates that opted into the ARPC Scheme for the period 1 October 2003 to 31 December 2003 as well as those that have opted into the ARPC Scheme for the period 1 January 2004 to 31 December 2004.

Quarterly Return

Previous Market Bulletins have advised of the obligation to submit a quarterly return to the ARPC. A copy of the ARPC quarterly reporting return was detailed in Market Bulletin Y3210, issued on 15th December 2004.

Updated information to assist in the preparation of the return to the ARPC is shown in Appendix 2.

Timings

The ARPC requires that the quarterly returns are submitted to them within 30 days of the end of the quarter. In order to ensure that this time frame is met, a syndicate needs to ensure that the return is submitted, electronically, to Lloyd's Australia, with a copy to WWM, via australian.terrorism@lloyds.com, **by no later than the 20th day after the end of the quarter**. Nil returns must also be submitted. The syndicate returns will then be collated for onward submission to the ARPC.

4. Further information

The Terrorism Insurance Act 2003 and its amended Regulations can be obtained using the following links:

Terrorism Insurance Act 2003:

<http://scaleplus.law.gov.au/html/pasteact/3/3598/pdf/0432003.pdf>

Terrorism Insurance Regulations 2003 (as amended):

<http://scaleplus.law.gov.au/html/pastereg/3/1800/pdf/TerrorismInsurance2003.pdf>

A website for the ARPC can be obtained using the following link:

<http://www.arpc.treasury.gov.au>

Questions that have been raised by the Market have been compiled into a Frequently Asked Questions document and are available via the following link:

<http://www.lloyds.com/index.asp?itemid=2431> – please scroll down to the ‘Other Useful Information Section’.

Please note: that the Frequently Asked Questions list is not an exhaustive list and is provided as ‘general’ advice and should not be used as a substitute for individual legal advice.

If you have any queries about the above please contact any of the following:

Lloyd's Worldwide Markets:

Market Services Desk:

Tel: 020 7327 6677

Email: market.services@lloyds.com

Maxine Hooper Tel: 020 7327 6291
 Email: maxine.j.hooper@lloyds.com

 Fax: 020 7327 5255

Lloyd's General Representative in Australia:

Keith Stern Tel: 00 61 2 9223 1433
 Fax: 00 61 2 9223 1466
 Email: keith_stern@bigpond.com

Lloyd's Market Association:

Martin Roberts Tel: 020 7327 8370
 Email: martin.roberts@lloyds.com

This bulletin has been sent to active underwriters and the compliance officers of Lloyd's brokers and managing agents and for information to market associations.

Julian James
Director
Worldwide Markets

INSTRUCTIONS FOR THE COMPLETION OF THE ANNUAL RETURN

1. The annual aggregate report is to be a “snap shot” of the reinsured’s gross sum insured as at close of play on the 30 June each year.
2. Syndicates will need to ensure that individual risks are allocated to the correct postcode location. Multiple risk schedules will need to be split and individually allocated.

The ARPC produced a list of postcodes and have subsequently allocated these postcodes into their respective Tiers. If the postcode is not shown to be in Tier A or Tier B then the risk should automatically be included within Tier C. Offshore risks should be allocated to Tier C.

Some postcode ranges do not exist, for example, postcodes between 2740 – 2786. If a postcode is identified within such a range, it is likely to be a mistake. In such circumstances, the syndicate should double-check the postcode with the local intermediary or refer the enquiry to the ARPC for a rating.

3. The ‘Construction Risks (including Annual Contract Works policies)’ worksheet (Annexe B) is to contain all Contract Works risks. Plant and Equipment policies are to be included in the ‘All Eligible Risks except Construction’ worksheet (Annexe A). **Note:** Eligible risks with a Lloyd’s risk code of CA should be allocated to the Construction worksheet. Eligible risks using all other eligible Lloyd’s risk codes should be allocated to the ‘All Eligible Risks except Construction’ worksheet.
4. Sum insured refers to the policy limit. For example, with a property policy that has an A\$10m limit and an A\$25m schedule of buildings, a syndicate would use their % line of the policy limit A\$10m, not their line of A\$25m for the return.
5. The returns do not need to show a syndicate’s general liability business. The ARPC believe that only a small proportion of general liability business is ever likely to respond in the event of a ‘declared terrorist incident’.

All Eligible Risks except Construction Worksheet – (Annexe A)

Postcode

This refers to the physical location of each risk.

Post office boxes e.g. 2001, 2002, etc., **should not be used** as a location.

Locality Guide

This column is for ease of reference only.

Note: There could be other suburb names within each postcode.

State/Tier

Postcodes relevant to Tier locations as per the worksheets can be found on the ARPC website: www.arpc.treasury.gov.au

Number of Risks (Co-insured Proportion of each Risk)

Within this column, you should only indicate your proportion of each **risk** where a **building** is insured.

This includes 'Buildings Only', 'Combined Building and Contents' or 'Construction' risks.

Do **not** include 'Contents Only' risks. For example, if you offer 30% support on 5 building risks in postcode 2000, the indicated 'Number of Risks' (for your share) would be $5 \times 0.3 = 1.5$. **Note:** Schedules need to be split into individual risks.

Reinsured's Aggregate Sum Insured, Buildings Only

Within this column, you should only show your share of the total gross aggregate sum insured for the **building component** of each risk located in each postcode.

Reinsured's Aggregate Sum Insured Contents Only

Within this column, you should only show your share of the total gross aggregate sum insured for the **contents** component of each risk located in each postcode.

Burglary/Money/Glass sections of Industrial Special Risk contents policies do **not** need to be shown separately.

Reinsured's Aggregate Sum Insured, Combined Buildings AND Contents Policies

Within this column, you should show your share of the total gross aggregate sum insured for the "**combined buildings and contents**" risks located in each postcode. **Note:** Only use this column if you are unable to provide a split between the Buildings Only and Contents Only columns.

It should be noted that whilst the ARPC understand that some policies cannot yet be split into building and contents sum insured, they have indicated their intention to work towards this capability at which stage such a split will become a requirement.

Reinsured's Aggregate Sum Insured, Business Interruption

Within this column, you should show your share of the total gross aggregate sum insured for the **business interruption** component of each risk by postcode. The use of 'Target Risk' location is acceptable.

Construction Risks (including Annual Contract Works policies) – (Annexe B)

Postcode

This refers to the physical location of each risk.

Post office boxes e.g. 2001, 2002, etc., **should not be used** as a location.

Locality Guide

This column is for ease of reference only.

Note: There could be other suburb names within each postcode.

State/Tier

Postcodes relevant to Tier locations as per the worksheets can be found on the ARPC website: www.arpc.treasury.gov.au

Number of Risks (Co-insured Proportion of each Risk)

Within this column, you should only indicate your proportion of each **risk** where a **building** is insured.

This includes 'Buildings Only', 'Combined Building and Contents' or 'Construction' risks.

Do **not** include 'Contents Only' risks. For example, if you offer 30% support on 5 building risks in postcode 2000, the indicated 'Number of Risks' (for your share) would be $5 \times 0.3 = 1.5$. **Note:** Schedules need to be split into individual risks.

Reinsured's Aggregate Sum Insured, Total Contract Value Only

Within this column, you should only indicate your share of the total gross aggregate sum insured for the **contract value** of each risk located in each postcode.

Reinsured's Aggregate Sum Insured, Advance Loss of Profits

Within this column, you should show your share of the total gross aggregate sum insured for the **Advanced Loss of Profits** component of each risk by postcode. The use of 'Target Risk' location is acceptable.

All Eligible Risks except
Construction

APPENDIX 2

**INFORMATION TO ASSIST IN THE PREPARATION OF THE ARPC
QUARTERLY RETURN**

Tier/State/Postcode

The information provided on the return to the ARPC is based on premium written during a particular quarter, by Tier and by State. The Tier applicable to each risk is based on the risk's postcode and syndicates are required to report on the actual physical location of the risk as opposed to, for example, the business or mailing address of the insured.

The ARPC have produced a list of postcodes and have subsequently allocated these postcodes into their respective Tiers. If the postcode is not shown to be in Tier A or Tier B then the risk should automatically be included within Tier C. Offshore risks should be allocated to Tier C.

Set out below are the postcode ranges for each State and Territory.

<p><u>Australian Capital Territory</u></p> <p>0200 – 0299 (PO Box postcodes)</p> <p>2600 – 2639</p> <p>2900 – 2920</p> <p><u>New South Wales</u></p> <p><i>Country Area:</i></p> <p>2250 – 2554</p> <p>2575 – 2599</p> <p>2619 – 2739</p> <p>2787 – 2899</p> <p>2921 – 2999</p> <p><i>Sydney Metropolitan Area:</i></p> <p>1001 – 1930 (PO Box postcodes)</p> <p>2000 – 2249</p> <p>2555 – 2574</p>	<p><u>Northern Territory</u></p> <p><i>Country Area:</i></p> <p>0835 – 0899</p> <p>0800 – 0899</p> <p><i>Darwin Metropolitan Area:</i></p> <p>0800 – 0834</p> <p><u>Queensland</u></p> <p><i>Country Area:</i></p> <p>4210 – 4999</p> <p><i>Brisbane Metropolitan Area:</i></p> <p>4000 – 4209</p> <p><u>South Australia</u></p> <p><i>Country Area:</i></p> <p>5200 – 5799</p>
---	--

<p><i>Adelaide Metropolitan Area:</i></p> <p>5000 – 5199</p> <p>5800 – 5999</p> <p><u>Tasmania</u></p> <p><i>Country Area:</i></p> <p>7100 – 7999</p> <p><i>Hobart Metropolitan Area:</i></p> <p>7000 – 7099</p>	<p><u>Victoria</u></p> <p><i>Country Area:</i></p> <p>3211 – 3999</p> <p><i>Melbourne Metropolitan Area:</i></p> <p>3000 – 3210</p> <p><u>Western Australia:</u></p> <p><i>Country Area:</i></p> <p>6200 – 6799</p> <p><i>Perth Metropolitan Area:</i></p> <p>6000 – 6199</p> <p>6800 – 6999</p>
---	--

Note:

Some postcodes overlap across borders, territories and states. In such circumstances, a syndicate should allocate the premium to the most appropriate territory/state.

Some postcode ranges do not exist, for example, postcodes between 2740 – 2786. If a postcode is identified within such a range, it is likely to be a mistake. In such circumstances, the syndicate should double-check the postcode with the local intermediary or refer the enquiry to the ARPC for a rating.

Commercial Property/Business Interruption

The ARPC return requires a syndicate to show commercial property risks and business interruption risks separately. Therefore, on policies that have a mixture of business interruption and commercial property, a syndicate will be required to break this business out for the purposes of the return.

The returns do not need to show a syndicate's general liability business. The ARPC believe that only a small proportion of general liability business is ever likely to respond in the event of a 'declared terrorist incident'.

Sum Insured

Sum insured refers to the policy limit. For example, with a property policy that has a A\$10m limit and a A\$25m schedule of buildings, a syndicate would use their % line of the policy limit A\$10m, not their line of A\$25m for the return.

Subject Premium

The subject premium figure is based on written premium payable before charges i.e. exclusive of Fire Service Levy, Goods & Services Tax and Stamp Duty. The subject premium is also gross of brokerage.

The ARPC have confirmed that whatever the amount is that the insured has paid for the policy is the amount that should be on the ARPC return.

The ARPC have also provided below an example of how they believe the insured's premium would be calculated for an eligible insurance contract situated in Tier A and also the reinsurance premium payable to the ARPC.

Original Premium	=	A\$1,000
Insurer's retention costs, etc	=	A\$ 100
Gross base premium	=	A\$1,100

Gross base premium divided by .88

Premium payable before charges	=	A\$1,250
--------------------------------	---	----------

Reinsurance premium to ARPC would be:

12% of A\$1,250	=	A\$ 150
-----------------	---	---------

Premium retained by the syndicate	=	A\$1,100
-----------------------------------	---	----------

Goods & Services Tax (GST)

Whilst the return shows GST, from a Lloyd's perspective, the reinsurance premium payable to the ARPC will not be subject to GST as Lloyd's underwriters are not making a supply connected with Australia, therefore the ARPC return should show 'nil' with respect to GST.

Specific questions raised by the Market in relation to quarterly reporting can be found within the Frequently Asked Questions document, which is available via the following link:

<http://www.lloyds.com/index.asp?itemid=2431> – please scroll down to the ‘Other Useful Information Section’.

Please note: that the Frequently Asked Questions list is not an exhaustive list and is provided as ‘general’ advice and should not be used as a substitute for individual legal advice.
