- 2 Details of the information specifically required in respect of Australian and South African business are set out later in the instructions.
- 3 The managing agent's report included with the return must be completed, **but the return does not need to be audited.**
- 4 The return may be submitted electronically via the e-market system (to stella.farrar@lloyds.com or Lloyds-MR-OverseasReporting)
- 5 **The date for submission of this return is Thursday 13 October 2005.**

Australia

- 1 The funding requirement in respect of the Lloyd's Australian Trust Fund (LAusTF), applicable in respect of relevant Australian business incepting on or after 1 July 1998, is due to be recalculated as at 30 September 2005. A detailed explanation of the trading arrangements in Australia is contained within market bulletin Y2325, dated 19 June 2000.

- 2 In connection with this, you are asked to report the following information on Forms LAusTF1 (premiums) and LAusTF2 (outstanding claims):

In respect of business incepting on or after 1 July 1998 only, **but including earlier business which has been reinsured to close into a 1998 or later year of account**, only as covered by the definition in paragraph 3 below, and only in respect of business **not** processed through central accounting:

- (i) **For the 2001 and subsequent years of account only: cumulative premiums, net of brokerage and gross of reinsurance ceded, as at 30 September 2005 but only in relation to business incepting on or after 1 July 1998**, analysed by:

- 3 Information must only be reported in respect of Australian business covered by the following definition (ie that of 'new' Australian business), as extracted from paragraph 2.1.2 of the Guide to the Australian Trust Fund Processing and Reporting Arrangements attached to market bulletin Y2325:

Any contract or policy of insurance or reinsurance incepting on or after 1 July 1998 (excluding any contract or policy underwritten on or after that date under a binding authority commencing before that date) in respect of:

- a) real property, fixtures or buildings located in Australia;
- b) any other property of any kind (including but not limited to ships, aircraft, yachts and other moveable property) and any other risk of any kind where:
 - i) in the case of an insured which is a body corporate, that body corporate has a registered office or principal place of business in Australia, and,

- ii) in any other case, the insured has a residential address or place of business in Australia
- or
- c) in the case of any contract of reinsurance:

 - ii) in the case of such a contract made with or through a branch office in Australia of the ceding company which has reinsured with the Lloyd's underwriter, where the ceding company is incorporated out of Australia

where the currency in which the contract or policy is expressed and in which the premium is paid is Australian.

The LAusTF will also cover liabilities originally covered by the LAusJATF(1) but which are reinsured to close into a 1998 or subsequent year of account on or after 1 July 1998.

However, the following are excluded from the reserving requirements for this trust fund:

Please note that the reference to binding authority also extends to include business written under lineslips, covers and any other form of bulk accounting contract.

Further notes on how to interpret this definition and apply it to individual risks are in Section 1 of the Australian Procedures Manual. Bulletin Y2566 dated 25 June 2001 gives details of how the manual may be accessed via the Lloyd's website.

- 2 In connection with the above, you are asked to report the following information on **Form SA1**:

- (ii) Premiums, net of brokerage and gross of reinsurance ceded, **written during the 12 month period 1 October 2004 to 30 September 2005**, analysed by settlement currency.

Analysis at risk code level is NOT required.

- 3 Information must only be reported in respect of South African business covered by the following definition:
 - a) a contract of insurance which relates to:
 - i) risks in respect of immovable property, including buildings, fixtures and other fixed improvements, located in South Africa; or
 - ii) any other risks where –
 - a) the insured is a natural person resident in South Africa; or
 - b) in any other case, the insured has its registered office or principal office or principal place of business in South Africa; and

Further notes on how to interpret this definition and apply it to individual risks are set out in the attachment to the Market Bulletin reference Y1035 dated 6 December 1998.
