**Action points** Register for attendance

---

**Deadlines** 30 June 2006

---

HM Revenue & Customs Large Business Service will give a presentation in Lloyd's Old Library from 4pm- 5pm on 3 July on its new Operating Model for dealing with tax compliance and customer service across all direct and indirect taxes. This will be of interest to managing agents, members dealt with by the LBS and their tax advisers. It will be followed by an opportunity to speak informally to HMRC officials about this or other issues.

Jeremy Tyler, HMRC's Lloyd's Market Client Relationship Manager, will outline the implications for the Lloyd's market of the new Operating Model (which is available online at <http://www.hmrc.gov.uk/lbo/operating-model.htm>). He will also touch on his wider policy role dealing with the insurance industry. Jeremy will be joined by other members of the Lloyd's LBS team and by Jon Allen, who is the new LBS Insurance Sector Lead.

If you wish to attend, please register with Sophie Thorne at [sophie.thorne@lloyds.com](mailto:sophie.thorne@lloyds.com), saying whether you need a Lloyd's pass. Her telephone number is 020 7327 6050.

This bulletin is being sent to underwriting agents, auditors and direct corporate members.

David Clissitt  
Head of Tax & Treasury
