The purpose of this bulletin is to confirm that, further to Market Bulletin Y3978 issued on 12 March 2007, with effect from 16 July 2007; all bulletins dated 2002 and prior will be removed from the Market Bulletin database which is available on www.lloyds.com. Certain exceptions have been made for bulletins which Lloyd's considers still to be relevant. Accordingly, a number of bulletins relating to tax, disciplinary matters, international market access and other miscellaneous matters are being retained in the database. A careful review process has been carried out to ensure that all relevant information remains available in the market bulletin database. However, in the event that you identify a bulletin which has been removed but which you consider should be retained in the database, you should provide details of the bulletin to Peter Spires (peter.spires@lloyds.com) and Lloyd's can restore the bulletin to the database.

In the event that you need copies of bulletins from 2002 or prior, copies can be obtained from the Business Intelligence Centre. In addition, the full set of archived bulletins is available on a CD in the Business Intelligence Centre (Gallery 3).

If you have any questions about this, you should contact Howard Knight:
