Syndicate accountants will receive individual statements via Central Accounting detailing their collection requirements for 2011 and distribution of 2010 loans.

The July adjustments this year will consist of;

- a principle collection and distribution of funds for Singapore, Lloyd's Asia and Cayman Islands;
- a second income distribution on 2010 loans.

## 2011 Collection

The 2011 collection will take place on the 28<sup>th</sup> July. The July collection is expected to consist of Singapore, Lloyd's Asia and the Cayman Islands. The Hong Kong collection has been moved to the main collection which took place earlier this year in April.

## 2<sup>nd</sup> period interest and foreign exchange distribution: 2010/11 loans

On 27<sup>th</sup> April 2011, ASL distributed 2010 loans for Switzerland, Hong Kong, Australia, Namibia and the Caribbean countries back to syndicates with interest for the period up until 31<sup>st</sup> December 2010 and foreign exchange movements to 31<sup>st</sup> March 2011. The 2<sup>nd</sup> period adjustment includes interest from 1<sup>st</sup> January 2011 to 27<sup>th</sup> April 2011 and foreign exchange movements from 1<sup>st</sup> April to 27<sup>th</sup> April 2011.

### **Basis of Apportionment**

Each syndicate's deposit requirement will be collected from the appropriate year of account which has given rise to the local funding requirement based on 2010 calendar years premium income data and claims data as appropriate.

### **ASL Investment and Hedging policy**

Where permitted by local insurance regulations and achievable within local financial markets, ASL's assets are invested in high quality money-market (maximum 12 months maturity). However regulators in many jurisdictions require some assets to be invested in longer-term debt instruments, therefore the capital value of these assets are affected by movements in local interest rates.

ASL ceased foreign exchange hedging activity in June 2001 and agents are reminded of this each year prior to the annual funding of ASL. As a result, the sterling value of syndicate assets invested by ASL will fluctuate in line with movements in the currency of investment.

Agents are free to arrange appropriate hedging activity on behalf of their syndicates when deemed necessary. Lloyd's Treasury may be able to assist in completing such hedging arrangements, if required.

### **Syndicate Statements & Settlement**

Individual syndicate statements will be sent to managing agents through the Central Accounting system by 20<sup>th</sup> July 2011 and queries should be raised by close of business 22<sup>nd</sup> July 2011.

A single sterling settlement to/from syndicates' Premium Trust Funds will be processed via Central Accounting on Thursday 28<sup>th</sup> July 2011.
