Charges in respect of Syndicates in Run-off and the ACORD membership fee

- 1.1 Agents with syndicates with years of account in run-off bear a run-off charge at a flat rate of £1 per £1,000 of reported net insurance liabilities, assessed by reference to the most recent audited accounts of the syndicate for each year of account in run-off. For this purpose a run-off syndicate means a syndicate which no longer accepts new or renewal insurance business (other than the variation or extension of risk previously underwritten or reinsurance to close of an earlier year of account of that syndicate). This charge is unchanged from 2014.

In this context, net insurance liabilities means the amounts retained by each syndicate in run-off, in respect of each year of account in run-off, to meet all known and outstanding liabilities carried forward as at 31 December 2014. If the relevant audited financial statements are unavailable and their production appears likely to be significantly delayed, an interim charge (to be adjusted if necessary on subsequent publication of the relevant audited accounts) may be assessed by reference to the most recently submitted quarterly monitoring return (QMR) made by the run-off managers to Lloyd's for the syndicate for the relevant years of account. Any payment of this charge not made by the due date will attract an interest charge at 5% over National Westminster Bank PLC base rate.

- 1.2 ACORD (Association for Cooperative Operations Research and Development) is a global, non-profit standards development organisation serving the insurance industry. It is a member-driven organisation whose members work together to improve the flow of insurance information between systems and partners.

ACORD messaging is the foundation upon which many key initiatives are based and the Lloyd's market has been an active member of the ACORD community for a number of years.

The ACORD annual membership fee is calculated as a proportion of written business using published figures and is capped at a maximum of \$125,000. Lloyd's is considered as a single entity and consequently pays \$125,000. This represents a considerable saving over what would be payable if the annual membership fee was calculated on a 'per managing agent' basis. The ACORD costs for 2015 will be included and form part of the Members' subscriptions collection.

Capacity Markets

All charges set out below are to be paid by the relevant members of the Lloyd's community and are exempt from VAT.

Capacity Markets charges in 2015 will be the same as for 2014, as set out below.

Type of charge	Charge £
Approval of capacity offer by means of announced auction offer	1,900
Approval of formal capacity offer (cash only)	5,000
Approval of formal capacity offer (with shares or a share alternative)	6,200
Approval of conversion scheme (with interavailability)	9,600
Approval of conversion scheme (with reverse interavailability or transition)	10,600

An additional fee may be charged to sponsors to cover, for example:

- additional costs incurred in processing particularly complex schemes, especially where features not directly necessary to the scheme are included; and
- the reimbursement of any external legal (or other professional) fees incurred by Lloyd's in developing a particular scheme. An example of this is where bespoke trust deeds are prepared for reverse interavailability schemes.

Every effort will be made to make promoters/sponsors aware of the possibility of an additional charge at an early stage in the process.

Finance

1.1 Foreign Exchange Dealing Fees

The Treasury & Investment Management Department (LTIM) makes a charge for undertaking foreign exchange activity on behalf of Lloyd's market participants.

Foreign exchange dealing instructions may be received directly from managing agents or indirectly in connection with other activities, including the Lloyd's Currency Conversion Service.

Charges may be up to 0.04% of the value of transactions, subject to a minimum charge of £50, and are exempt from VAT. Charges are levied by adjusting the exchange rate at which deals are transacted, by reference to the relevant market rate. No separate charge is made.

As a result of the large volumes of foreign exchange business transacted by LTIM, it is able to obtain competitive dealing rates from its counterparties. This means that the exchange rates achieved are generally advantageous when compared to retail rates.

1.2 Provision of Schedule 3 Information to Corporate Members

Introduction

Corporate members of Lloyd's are required to prepare their accounts in accordance with Schedule 3 of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008. Market Reporting Department (MRD) offers a "central facility" to provide corporate members with the data that they need in order to be able to prepare their accounts in accordance with Schedule 3. MRD is able to provide this facility by advising on the data requirements, collecting the syndicate data in the relevant format from managing agents, processing it and providing outputs in the Schedule 3 format for each subscribing member. If the central facility was not available, it would be necessary for individual corporate members to contact the managing agent of each syndicate on which they participate in order to negotiate arrangements to obtain this information, which would not be otherwise provided by managing agents. It is likely that the cost to a corporate member of having to obtain the data this way would be greater than the fees charged for the Lloyd's facility.

Fees

Each corporate member that wishes to subscribe to this service is required to pay a fee as prescribed under the Syndicate Accounting Byelaw (No. 8 of 2005) as amended. This fee is calculated by reference to the highest overall premium limit (OPL) of the corporate member concerned and number of syndicates (disregarding syndicate years of account for this purpose) in which the corporate member participates.

The prescribed fees for the December 2014 facility are set out below and vary with respect to the size (in terms of OPL) of the corporate member. They are unchanged from last year.

OPL for member*	Fee per syndicate participation** (excl VAT)	Maximum fee** (excl VAT)
£15,000,001 or greater	£125	£3,750
£10,000,001 to £15,000,000	£100	£3,000
£5,000,001 to £10,000,000	£70	£2,100
£2,000,001 to £5,000,000	£35	£1,050
£2,000,000 or less	£35	£700
Members participating on 2010 or prior run-off years only	£35	£700

* OPL is defined as the highest OPL written for any year of account within the last three years of account.

** Fees are calculated per syndicate (not syndicate year) participation.

Key assumptions

The fee structure for 31 December 2014 Schedule 3 reporting has been prepared on the assumption that the level of subscription to the central facility and Market Reporting Department's costs incurred in providing this facility, do not change materially from those relating to the 2013 exercise.

Other significant matters

No established alternative source in order for corporate members to obtain this data currently exists. As noted above, however, the cost incurred by corporate members making their own arrangements to obtain the information directly from managing agents is likely to be somewhat higher.

1.3 Corporate Interavailable FAL

Corporate groups may wish to rationalise their Lloyd's operations and reduce the number of underwriting subsidiaries. Lloyd's has developed a mechanism and the documentation to deal with the provision of Funds at Lloyd's to support both the business being run off by the ceasing corporate members and the increased level of underwriting by the continuing corporate member.

A fee is payable by those corporate groups seeking to consolidate and make their individual corporate members' FAL interavailable. This charge seeks to recover principally legal costs incurred by Lloyd's in respect of such consolidations. The fee is £1,000 (excluding VAT) per ceasing member subject to a maximum of £10,000 per corporate group consolidation.

1.3 Premium Tax Administration

The Tax department administers the collection and payment of UK insurance premium tax and various foreign insurance premium taxes and makes a charge to cover the administration costs of this activity. The charge is levied on a flat basis for all syndicates, arrived at by dividing total costs by the number of relevant syndicates (excluding life syndicates and those motor syndicates that file their own IPT returns and have limited exposure to foreign taxes). A 2% inflationary increase has been applied to this charge which for 2015 is £9,455 per syndicate. The collection of this charge will take place in January 2016.

Email: nick.marman@lloyds.com

1.5 Tax Operations

The Tax department charges on a user pays basis to both members and managing agents for the provision of tax information and the filing of various tax returns on behalf of all members of Lloyd's. The increased complexity involved with the filing of tax returns for members and the provision of information (e.g. in relation to FATCA) has increased costs and it has therefore been necessary to increase Corporation Tax-Operations charges by 10%. The Sutherland fees, which are charged for the filing of the member's United States Tax return have been incorporated within the Tax Operations charges. There has been no increase in the charge. The Lloyd's Japan fees also remain unchanged. The overall price list for Tax Operations is split by customer category.

Market Services

Market Services has applied an inflationary increase of 2% to most charges for 2015, with the following additions/changes:

Approval of Controller / Director / SLP / LLP changes – involving trusts

Where a trust is approved as part of a change of control, new fees of £500 per trust and £250 per trustee will apply to cover the additional work involved.

Approval of Controller / Director change post appointment

In accordance with the Lloyd's Membership Byelaw, all controller / director changes must be approved by Lloyd's prior to their appointment. Where Market Services are requested to make the change post the appointment, a fee of £107 will be levied (in addition to the change of control fees).

Non-notification of a PTF Trustee change

Where a PTF trustee is appointed or resigns and the trust deeds are not executed, Market Services will levy a fee of £107 to the Managing Agent.

Results & Stamp Processing

The existing fees for Results & Stamp Processing to active syndicates has seen a greater than inflationary increase to incorporate the work carried out on Diversity checks that has previously been levied on an ad hoc basis.

Member fund holding charges will be based on members' funds at Lloyd's position as at 1 January 2015.

Property Services

Market Services

Introduction

2015 Room Rental charges have been increased by 2% compared to the 2014 levels.

Key Assumptions

Property Services reserves the right to review its decision should it transpire that the demand for underwriting space in 2015 is significantly less than that for 2014.

Security Passes

Introduction

The charges for security passes will remain at the 2014 level of £25, the charge for NUWM passes will remain at the 2014 level of £83.

There is a continued need for a security pass system for entry into Lloyd's buildings.

Tenants' Service Charge

Introduction

Key Assumptions

Property Services has outsourced the running of the services of the 1986 Building. The costs will be reviewed throughout 2015 and any savings that can be achieved or additional costs will be passed on to the tenants.

Tenants' Insurance Charge

Introduction

2015 charges will remain at the 2014 level.

Key Assumptions

It has been assumed that there will be no additional increase to the projected rate from July 2015, but Property Services reserves the right to pass on any increases in costs.

Overseas Operating Charges

All charges set out below are to be paid by the relevant members of the Lloyd's community.

1.1 Overseas operating charges

This charge covers the costs of being licensed and providing an overseas framework in order to facilitate the writing of business internationally. The overseas operating charges fund aggregate overseas costs, net of local and user pays income. For 2015 the net costs are budgeted to be c£60m.

This charge is apportioned across syndicates using non-UK premium income.

The core operating charges will continue to be collected from syndicates in advance on a quarterly basis (in January, April, July and October), with an adjustment in the following calendar year to ensure that the overall recovery is equal to the expenses incurred in the year.

The charge is calculated with reference to business written within the following three categories:

- Direct, including binding authority
- Binding authority / coverholder supplement
- Reinsurance
