## New Central Fund Contributions

The annual New Central Fund contribution rate payable by all members, other than new corporate members underwriting on new syndicates, for the 2015 year of account is 0.50%. New corporate members who joined in 2013 and 2014 will continue to pay the increased rate of 2% for their second and third years of operation at Lloyd's.

New corporate members for 2015 will pay 2.0% for each of their first three years of operations. It should be noted that if a member writes on a mix of existing and new

syndicates, then the higher rate will only be payable in respect of its participations on new syndicates.

Within the category of new corporate members the increased charges do not apply to:

- Conversion vehicles which meet the current definition of a “successor corporate member” in the Membership (Entrance Fees and Annual Subscriptions) Byelaw – i.e. in broad terms, any vehicle which is 85% owned by converting Names.
- New corporate members which only participate on *existing syndicates*.

Initial payment of contributions on account will be based on the written premium forecast within the syndicate business forecasts and subsequently adjusted to written premiums. For the purposes of charging, written premiums for a year of account will be finally determined by the audited annual syndicate returns.

Separate arrangements apply for RITC only syndicates, who will continue to be charged no more than the annual run off charge.

#### Settlement Arrangements

As advised in MB Y4826, syndicates have the option to settle their New Central Fund contributions in sterling or US dollars.

Please notify [carolyn.smith@lloyds.com](mailto:carolyn.smith@lloyds.com) by **12 March 2015** if the New Central Fund is to be paid in US dollars. It should be noted that all settlements for the 2015 year will be made in the currencies selected now. This arrangement can be changed for 2016 year. For those wishing to pay in US dollars the amount to be collected will be calculated by reference to the end of day exchange rate on 10 March 2015.

Syndicates deciding to pay in US dollars should note that any subsequent adjustment to New Central Fund contributions will be made at the prevailing exchange rate at the time of the adjustment which could give rise to a foreign exchange movement.

In April 2017 the charge will be adjusted to actual written premiums following receipt of audited annual syndicate returns.

#### 2013 Adjustment Arrangements

Syndicates were advised in MB Y4617 that the 2013 YOA final adjustment would be adjusted to actual written premiums in April 2015. To assist syndicate cashflow the adjustments will correspond with the 2015 collection. Where the original settlement was in US dollars the adjustment will also be calculated using the end of day exchange rate on 10 March 2015

Advices detailing the 2015 collection and 2013 final adjustment amounts will be issued by 25 March 2015 for settlement via Central Accounting on 1 April 2015.
