To ensure that you are able to access the latest guidance and updates from the Corporation in one place, we have developed a COVID-19 information hub.

Accessible from the [Lloyd's website](#), the hub provides the Lloyd's market community with information on key areas including:

- Lloyd's oversight and reporting

- Policy coverage
- Claims handling
- Lloyd's emergency trading protocols
- Bulletins and notices issued by international regulators
- Delegated authority guidance

The hub is being updated as soon as new information is available, so please refer to this resource in the first instance.
