Mission Statement

"To better prepare and equip a talent pool of future female leaders for Lloyd's and the wider insurance Industry"

At Lloyd's our strength lies in the **diversity of our people**. Their talent means we continue to innovate and provide insurance that supports the economic growth and resilience of communities, cities and countries, enabling human **progress**.

However, data shows that the increasingly positive gender diversity represented at entry level does not continue into senior levels. Lloyd's is committed to closing the gender pay gap and, via the Advance Programme, empowering a greater number of women to take up senior roles, improving the gender and broader diversity balance across all levels of the Corporation.
