

Mexico

Welcome to Lloyd's Multinational Around the World tour, taking you on a virtual journey across our global network and license capabilities! First stop: Mexico!

In order to complement our existing reinsurance license in Mexico, we have recently partnered with GMX SEGUROS (Grupo Mexicano de Seguros) to act as a local partner and provide the Lloyd's market with a direct insurance solution.

This means we're unlocking even more opportunities for the market and making it easier than ever to serve multinational clients with exposures in Mexico.

- Local admitted policies issued in Mexico across key lines of business-like Property, Casualty, and D&O.
- A trusted, exclusive partner on the ground – GMX works seamlessly with the Lloyd's platform
- Compliance with local regulatory standards and local claims handling to support clients when it matters most
