<i>Purpose:</i>	Assignment of code to help identify claims arising out of and connected to Wildfires in BC, Canada commencing 1 July 2026 and ongoing
<i>Affects:</i>	All Stakeholders writing business in Canada
<i>Line of Business:</i>	All
<i>Jurisdiction:</i>	Canada
<i>Effective:</i>	July 1, 2026

In order to assist Underwriters in identifying losses related to this event, Coverholders and Third Party Administrators reporting claims via Lineage are requested to utilize the Catastrophe coding capabilities of Lineage.

If a claim resulted from this event, you should select the applicable Catastrophe Code from the drop-down list when opening the claim and indicate if it is applicable to all Coverages/Kinds of Loss for this claim.

The full details relating to this Catastrophe will be available through the Claims History Report, available to Syndicates, Lloyd's Brokers and Coverholders in the Lineage Dashboard.

Should you have any questions relating to this process please contact us at info@lloyds.ca.
