

Lloyd's Asia

Lloyd's Asia is our Market's largest underwriting centre outside of London, with the Singapore hub acting as a key centre for (re)insurance business across the Asia Pacific region. The continuing investment by our Syndicates in underwriting expertise and innovative product development, supported by the creation of new capacity pooling solutions and the launch of our new Consortium wording, will ensure Lloyd's Asia is well placed to work in partnership with our distribution partners. Together we are committed to collaboratively solving the increasingly complex risk challenges faced by our customers.
