

Welcome to the reserving return (TPD) transformation notice board

We're committed to making it easier to do business with Lloyd's and reducing the reporting burden for market participants. As part of this, we're **refreshing our TPD reporting process**, by revising our generic class of business structure and introducing a new reserving data return.

You can use this **notice board** to keep up to date with **key actions and resources** you'll need to be aware of, to best prepare for the changes we're making to the TPD reporting process.

Actions for you

- 1 Sign up to our **next virtual briefing** on Thursday 15 August 11:00 – 12:00pm. [Register here to attend.](#)

The briefing will cover an update on the Reserving Return implementation plan, guidance on navigating the change successfully, and provide an opportunity for you to ask questions.

- 2 **Review the new materials we have added** to our website which you can view [here](#).

This includes a range of FAQs covering: the mapping process, Lloyd's Line of Business, Reserving Return Quarterly (RRQ) and Reserving Return Annual (RRA).

- 3 We've commenced our pilot phase with selected RRQ early adopters. If you've been selected to be a part of this group, you'll have now been informed.

If you'd like to be a part of our Q3 2024 RRA early adopter group, [please get in touch](#).

For your information

RRA instructions and specification

We've considered feedback provided by Chief Actuaries and Signing Actuaries on the Lloyd's validation of class mapping. We'll now ask for sign off by two directors alongside the RRA Signoff in Form 910.

An updated version of the RRA instructions and specification is available on our website [here](#).

Mapping tool

During our last virtual briefing session, we promised a beta version of the Line of Business Mapping Tool.

An initial version of the tool is available for you to test and links for this are included below. You can use this tool to help determine appropriate Lloyd's lines of business mappings.

You don't need to submit files from this tool but feedback about the instructions, ease of use, and any additional functionality you would like to see would be appreciated. Feedback can be shared [here](#).

You can download these key documents below:

- [Download the tool](#)
- [Download the tool instructions](#)

Any questions or feedback?

If you have any other queries regarding TPD, [please get in touch](#).
