Lloyd's Systemic Risk Masterclass: Recognising risk: the systemic effects of internet and utility outages

Date: Tuesday 13th April

Learning outcomes

- ✓ Specifically, attendees should leave confident in understanding the following:
- ✓ An understanding of our reliance on critical infrastructure such as internet, cloud services, power supply
- ✓ The potential perils which could disrupt this critical infrastructure e.g. cyber attacks, space weather, and the effects of these on society and the insurance industry
- ✓ How to identify and reflect remote and potentially systemic risks, such as internet / utility outages in exposure modelling and pricing
- ✓ What do I need to do as an industry professional?
 - Gain additional skills & capabilities relevant to my existing or future role, e.g. improve risk selection and portfolio management and make informed decisions on setting underwriting guidelines, deploying capital, and identifying risk transfer needs
- ✓ What do we need to do as businesses?
 - Review existing cover & gaps
 - Customer education & engagement
- ✓ Invest in new functional capabilities, data sources

CII CPD Event Accredited – demonstrates the quality of an event and that it meets CII member CPD scheme requirements. Attendance at this event can count towards your CPD hours where you consider it relevant to your professional development needs.
