2023 Programmes  
For Brokers,  
Coverholders and  
Risk Managers

Connect. Innovate. Grow.

# Welcome to the GDC

Lloyd's GDC Programmes offer a unique and immersive experience to help you better understand how the Lloyd's market develops the essential, complex and critical insurance needed for an ever-changing world. You will see how the market really works, learn about specific classes of business and products in which the market specialises and develop connections with this truly global marketplace.

## Why should I attend?

- Gain a deep understanding of market dynamics, risk trends and emerging opportunities through interactive sessions from leading underwriters, brokers and technical experts.
- Understand how to communicate Lloyd's capabilities to your clients and stakeholders.
- Join a Lloyd's underwriter or broker in the famous Underwriting Room, witnessing face-to-face negotiation and risk placement first hand.
- Grow your connections in this thriving marketplace through networking opportunities with market participants and fellow delegates from around the globe.
- Discover how Lloyd's is at the centre of insurance innovation with insights and demos from the Lloyd's Lab, Insurtech start-ups and innovation market leaders.

## Who should attend?

- Insurance and reinsurance brokers with 5+ years' experience.
- Delegates with good levels of spoken and written business English as there will be no translation support available.

## What does it cost?

- There is no charge to attend these programmes. However, delegates are responsible for the cost of their own travel and accommodation.
- We can provide preferential rates for selected hotels in the area.
